

# 2016 Federal Constituency Projects

Lessons and Findings from Focus States  
As at July, 2017

# Be an Active Citizen

## 1 FIND OUT ABOUT CENTRAL GOVERNMENT PROJECTS IN YOUR CONSTITUENCY

- ▶ Visit Budget's Tracka Website - [www.tracka.ng](http://www.tracka.ng)
- ▶ Select your state and find projects around you

## 2 VISIT PROJECT SITES

- ▶ Take pictures and share on social media platforms - Twitter & Facebook

## 3 Engage your representative at the house of Representatives

- ▶ Write an email, tweet at or send a letter to your representatives to demand information on government's projects in your area.

## 4 ENGAGE MINISTRY/AGENCY IN CHARGE OF PROJECT

- ▶ Know the agency in charge
- ▶ Write an email, tweet at or send a letter to the Ministry or Agency in Charge to inquire Status of the Project

## 5 REPORT PROJECT AND MONITOR PROGRESS UPDATE

- ▶ Report Issues on Tracka website-

## About Tracka

Tracka is a platform designed by BudgIT to enable citizens follow up on budgetary capital expenditure and constituency projects in their respective communities – to enhance service delivery by all tiers of the Nigerian government. Tracka seeks to expand the community of active citizens across every literacy span and facilitate creative engagement, thereby sustaining a feedback loop between citizens and public institutions. Our primary goal is to stimulate the demand for Open Data in Nigeria's local communities, primarily through budget access and performance monitoring.

---

The tracking of projects in this report is supported by the Omidyar Network, Open Society Initiative for West Africa (OSIWA).

# Tracka

Using Civic Advocacy to improve Service Delivery

## INTRODUCTION

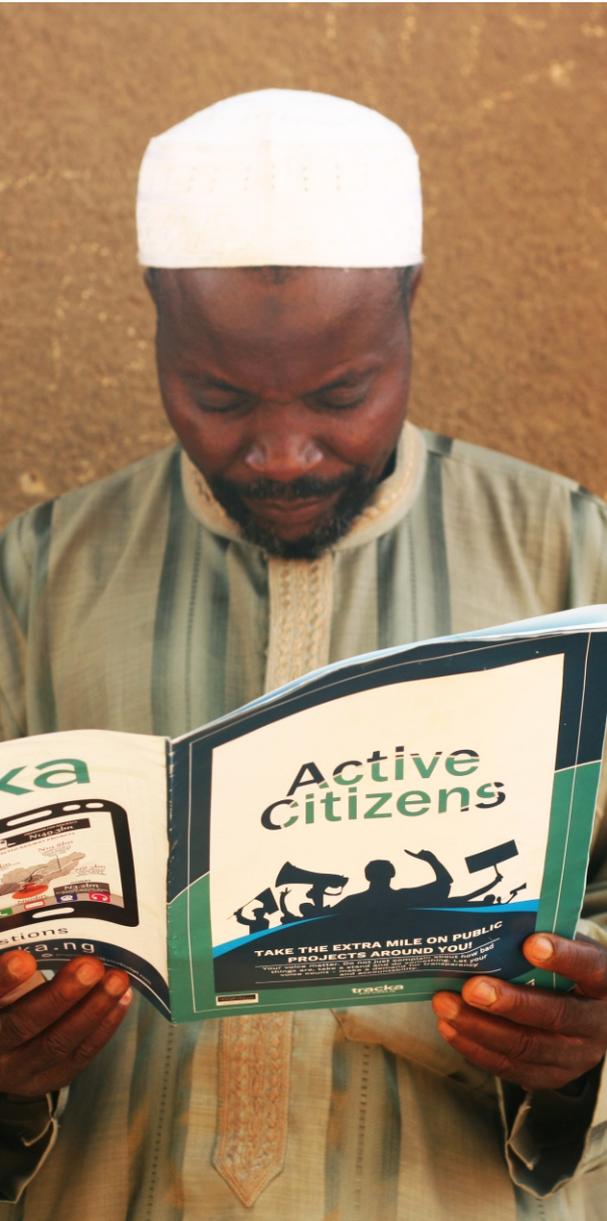

Tracka was established to address critical practices that impede social and economic development in Nigeria, specifically the lack of citizens' inclusion in developmental projects, a somewhat increasing number of abandoned projects and the poor execution of the few projects implemented.

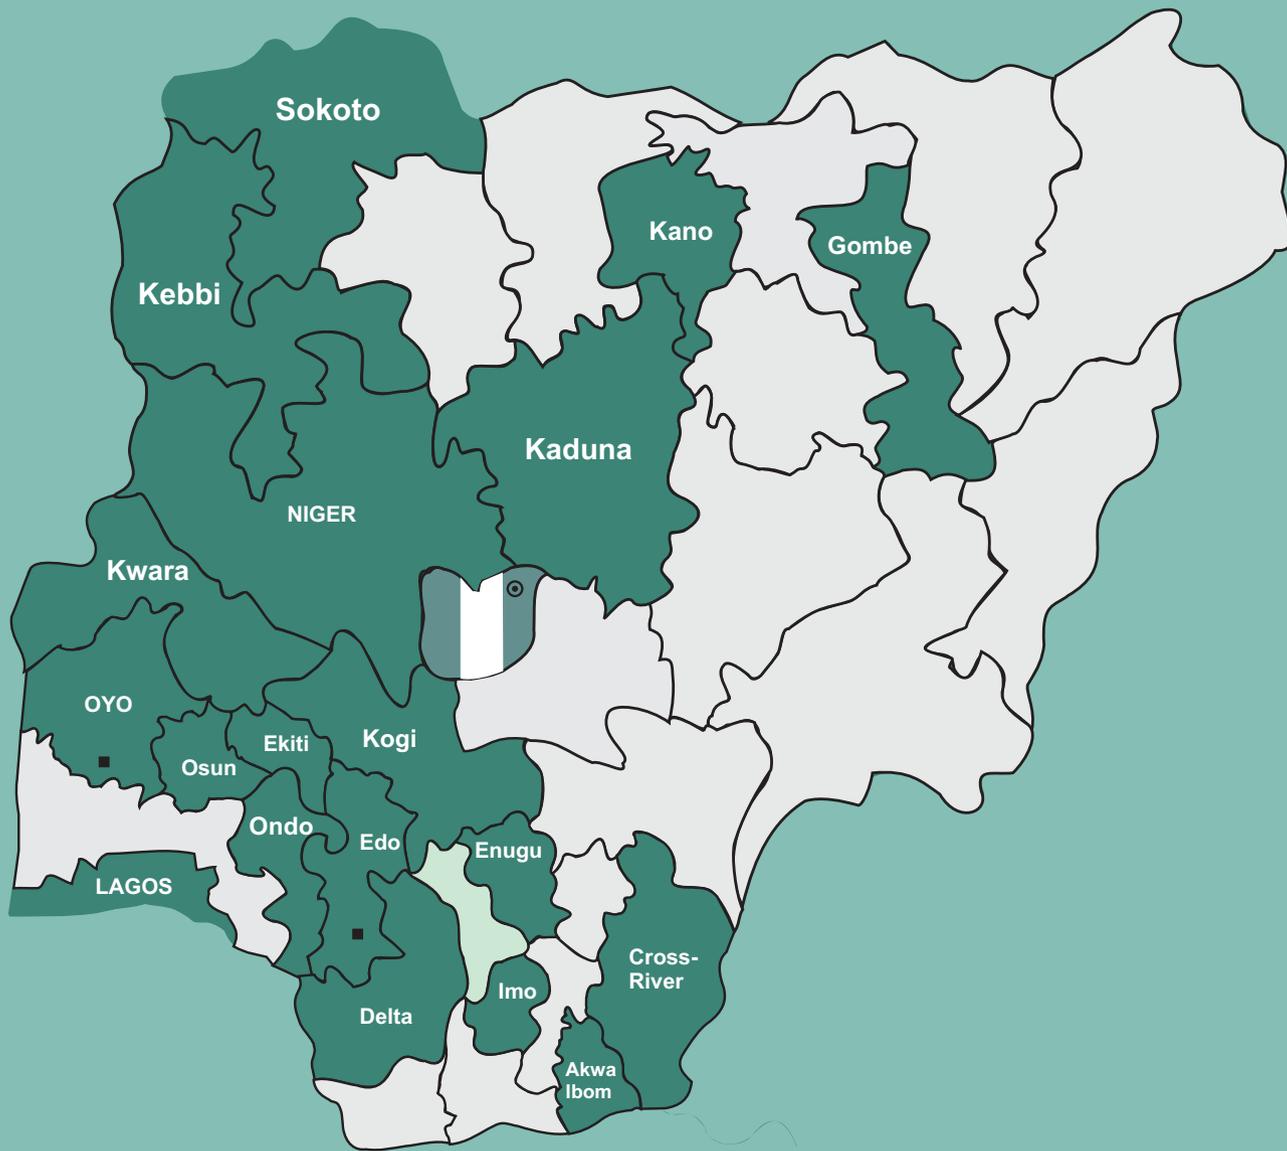

The goal of this project is to open up public finances to the wider Nigerian populace, making them vanguards for service delivery and transparency. Tracka's goal is to expand citizens' understanding of the budget, particularly drawing their attention to contextual issues therein, which affect them. The end goal is motivating people to a level of awareness that results in articulate demands for information about government budgets and budget implementation within their neighbourhoods.

The Tracka model has been scaled up from an initial 16 States to 20. We now monitor projects across Kogi, Ogun, Oyo, Kano, Edo, Delta, Sokoto, Kaduna, Niger, Gombe, Lagos, Ondo, Imo, Cross River, Ekiti, Osun, Kwara, Akwa Ibom, Kebbi, and Enugu. To increase impact and promote inclusive development of the States, especially within the rural communities, BudgIT engaged 22 more Project Tracking Officers (PTOs), to enhance the monitoring of implementation rates of all capital projects outlined in the federal budget.

Our work is happening amid—and necessitated by—an environment where the level of citizen-government engagement is significantly low, due to the prior existing military system of government. A unique identifier of these autocratic regimes was the inherent ability to keep the populace in obscurity about data and acts of public governance. This culture is still inadvertently maintained in varying degrees, as most citizens have gotten used to decades of non-information, and exhibit fear over the repercussions of demanding information.

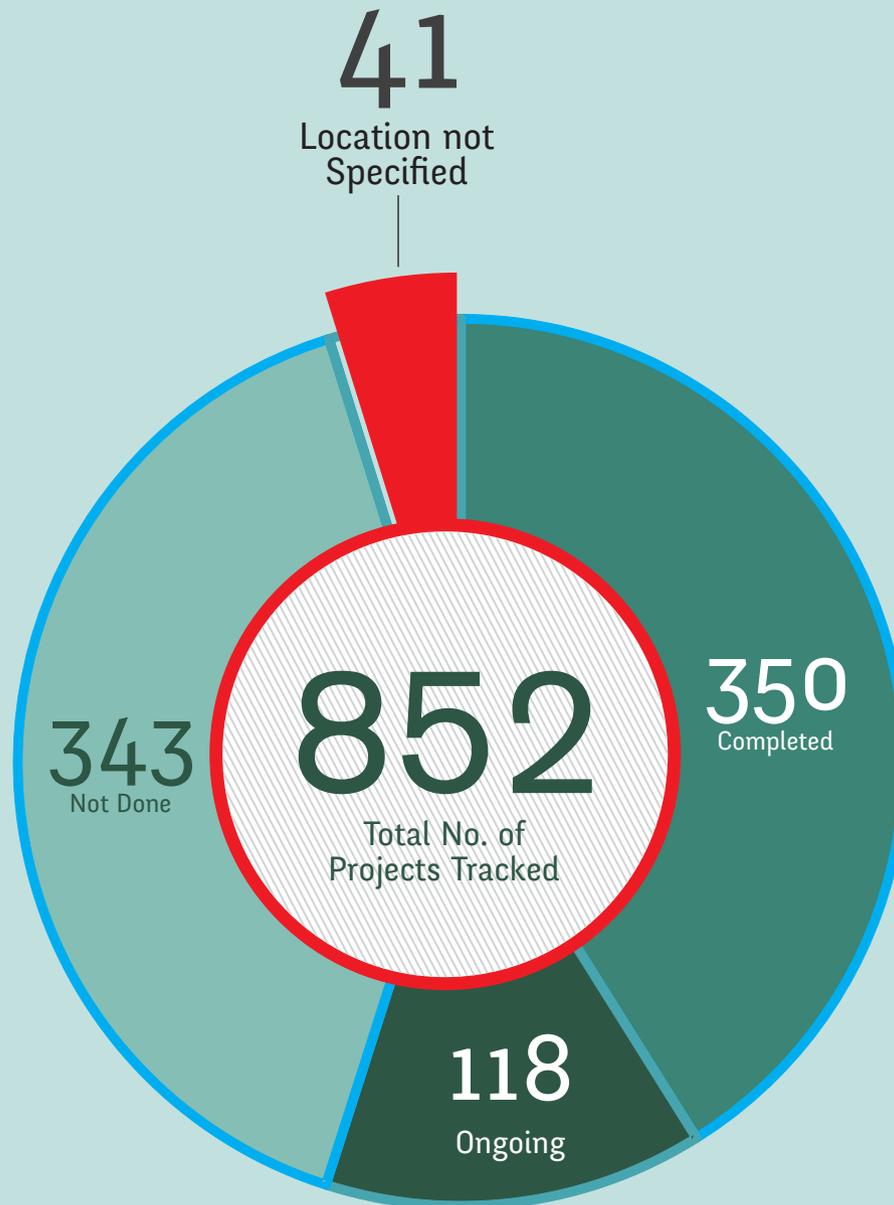

Members of the Tracka team, in collaboration with BudgIT, have improved the existing Tracka platform; making it more user-friendly, interactive and appealing to neighbourhood community reporters across States and wider Internet users. The new features of the platform will allow community feedback via SMS, personal notifications on interesting projects, geo-tagging features for every project, as well as prompts that encourage users to contact authorities responsible for each project's implementation and a chatroom, where active citizens can send pictures and discuss projects in real time.

**Current States being tracked**

## 2016 Constituency Projects Performance Summary

# Kebbi State

“

In Zuru Ward, the borehole was constructed within the personal property of a serving Senator, automatically depriving citizens of the opportunity of accessing potable water.

”

- a. Complete renovation of Zuru Town Hall, Kebbi State (Cost: N155m)

In August 2016, the Tracka team visited Zuru Emirate, to monitor the renovation of the Zuru Town Hall. PTOs engaged with the residents and the Zuru Emirate Youth Association, providing relevant information on line items in the budget which concerned the community. Community members were encouraged to ensure project delivery through active participation.

This culminated in letters being written to the community's National Assembly representative, Senator Bala Na'Allah. In view of demands by the now knowledgeable community members, renovation of the Zuru Town Hall commenced in December 2016, and has since been completed.

It is however important to note that the residents reported great sadness to the PTOs over the inclusion of N155mn for a

town hall renovation within the budget. Community members tagged this renovation a misplaced priority, saying there were other pressing needs, such as schools and agricultural equipment, required to sustain the youth in the community.

- b. Construction of a Primary Healthcare Centre (PHC) at Magarza Town, Kalgo LGA, Kebbi State (Cost: N30m)

The construction of a PHC at Magarza Town was one of significance to the community. Prior to its inclusion as a constituency project, PTOs were informed that residents had to travel across rivers to the neighbouring community of Kalgo, to access healthcare services. Residents were however unaware of the existence of the project, until they were met with, and informed about it on August 2016 by the principal PTO.

The PTO encouraged them to monitor the implementation of the project by visiting the

“The community head reached out to Tracka in January 2017 to confirm that construction of the clinic building had commenced. As at the time of this report, although the health centre is completed, it has still not been put to use, or been staffed”

“Following engagement by the PTOs, each of the Wards were able to pursue communication with their representatives, which ensured that completion of the proposed motorised boreholes occurred in some Wards across Kebbi-South senatorial districts”.

project location and speaking with their representative, Hon. Abdullahi Farouk, to ensure speedy delivery.

Going further, in September 2016, Tracka held a town hall meeting with residents of Magarza, again assisting them to write letters to their representative and the Ministry of Health, to formalise enquiries on the status of the project, as captured in the 2016 budget.

The community head reached out to Tracka in January 2017 to confirm that construction of the clinic building had commenced. As at the time of this report, although the health centre is completed, it has still not been put to use, or been staffed.

- c. Provision of 71 motorised boreholes in each of the 71 wards in Kebbi-South, Kebbi State (Cost: N710m)

Following engagement by the PTOs, each of the Wards were able to pursue communication with their representatives, which ensured that completion of the proposed motorised boreholes occurred in some Wards across Kebbi-South senatorial districts. PTOs were however informed on June 2017, that the motorized borehole for the Zuru community was actually constructed within premises belonging to Senator Ibn Na’Allah Bala, thus preventing free access to the borehole by residents.

The community members reported their dissatisfaction over what they called the conversion of public property into personal use, saying it deprived a large number of the residents of Zuru community access to potable water supply.

MDA	AGENCY	PROJECT DETAILS	AMOUNT (NGN)	STATUS	OBSERVATION
SCIENCE	NASENI	ESTABLISHMENT OF STAND ALONE SOLAR POWERED STREET LIGHT, KANGIWA, KEBBI STATE	12,000,000	completed	The solar street light has been constructed in the township of Kangiwa. We confirmed on 10 solar street light were sighted.
SCIENCE	NASENI	ESTABLISHMENT OF STAND ALONE SOLAR POWERED STREET LIGHT, ZURU, KEBBI STATE	12,000,000	Not started	This project has not been implemented as at the time of visit.
TRADE	SMEDAN	YOUTH AND WOMEN EMPOWERMENT SCHEME AT BIRNIN KEBBI/BUNZA FEDERAL CONSTITUENCY, KEBBI STATE	12,000,000	Not started	No access to project site
WATER	MAIN MINISTRY	CONSTRUCTION OF 4 SOLAR MOTORIZED BOREHOLE AT SHIYAR FADA BIRNIN KEBBI, KARYO IN BIRNIN KEBBI, ILLELAR,YARI BIRNIN KEBBI, OWA-GWADE BUNZA OF KEBBI STATE	48,000,000	completed	The construction of the solar borehole has been implemented in Illelar,Shiyar, Karyo except for the one in Owa- Gwade has not been constructed.
EDUCATION	UBEC	CONSTRUCTION OF BLOCK OF 2 CLASSROOMS WITH FURNITURE AT KAWARA VILLAGE BIRNIN KEBBI LGA KEBBI STATE	11,000,000	completed	The construction of 2 classrooms in kawara village has been completed. But we observed that the substandard materials were used for the construction and also pit latrine was constructed instead of VIP toilet stated in the budget line item.

EDUCATION	UBEC	COMPLETE REHABILITATION OF THE EXISTING PRIMARY SCHOOL IN KALGO TOWN (MAGAJI DANLADI NIZZAMIYYA MODEL PRIMARY SCHOOL) KALGO LGA KEBBI STATE	8,000,000	completed	The renovation work has been carried out successfully as stated in the budget. The schools need perimeter to protect the pupils.
HEALTH	NPHCDA	CONSTRUCTION OF A PRIMARY HEALTH CARE CENTRE (PHC) AT MAGARZA TOWN, KALGO LGA KEBBI STATE.	30,000,000	completed	This health centre has been completed. But we observed that equipment and drugs are yet to be supplied to the health centre.
WATER	MAIN MINISTRY	REACTIVATION OF EXISTING SOLAR POWERED MOTORISED BOREHOLES AT RAHA AND BUNZA TOWNS OF BUNZA LGA KEBBI STATE.	3,000,000	Not started	This project has not been implemented as at the time of visit.
TRADE	SMEDAN	GRANT IN SUPPORT OF LESS - PRIVILEGED IN MAIYAMA/KOKO-BESSE, KEBBI STATE	60,000,000	Not started	None of the residents were aware or could attest to empowerment program in their constituency
SGF	BCDA	SUPPLY OF ECONOMIC AND ENPOWERMENT MATERIALS IN MAIYAMA/KOKO-BESSE, KEBBI STATE	40,000,000	Not started	This project has not been implemented as at the time of visit.
SGF	BCDA	YOUTH EMPOWERMENT EQUIPMENTS FOR JEGA/ALIERO/GWANDU FEDERAL CONSTITUENCY KEBBI STATE	60,000,000	completed	The skill acquisition program has been implemented. The building was under lock and key, we could not gain access inside to inspect if the material has been supplied. Although residents affirmed commencement of the program

TRADE	SMEDAN	GRANTS IN SUPPORT OF LESS PRIVILEGED IN JEGA/ALIERO/GWANDU FEDERAL CONSTITUENCY OF KEBBI STATE	40,000,000	Not started	None of the residents were aware or could attest to empowerment program in their constituency
LABOUR	NDE	41 NOS HAND PUMP BOREHOLES IN 41 WARDS OF:- ZURU/FAKAI/SAKABA/DANKO- WASAGU LGAs OF KEBBI STATE	61,500,000	completed	These borehole projects has been constructed in all the selected communities. And it is functioning
LABOUR	NDE	4 MOTORISED BOREHOLES IN COA, JARKASA,RIKOTO & RAFIN ZURU, ZURU LGA,KEBBI STATE	18,500,000	Not started	These project is reported as not implemented.
LABOUR	NDE	YOUTH & WOMEN EMPOWERMENT - 100 MOTOCYCLES ZURU/FAKAI/SAKABA/DANKO – WASAGU.....KEBBI STATE	20,300,000	Not started	None of the residents were aware or could attest to empowerment program in their constituency
TRADE	SMEDAN	AGRICULTURAL SUPPORT PROGRAMMES, PROVISION OF FERTILIZER, SEEDS AND WATER PUMPS TO RICE FARMERS IN SURU AND BAGUDO LOCAL GOVT AREA IN KEBBI STATE	30,000,000	completed	These fertilizer has been distributed, the team could not ascertain amount supplied. Residents agreed that they received the fertilizer from their representative.
TRADE	SMEDAN	SUPPLY OF 18 SEATER BUSES TO SOME BOARDING SECONDARY SCHOOLS IN SURU AND BAGUDO FED CONSTITUENCY IN KEBBI STATE	20,000,000	completed	The buses have been supplied. Yet to be distributed to the beneficiaries schools

TRADE	SMEDAN	SUPPORT TO WOMEN AND YOUTH EMPOWERMENT I.E SUPPLY OF SEWING MACHINES AND MOTORCYCLES TO WOMEN AND YOUTH IN SURU AND BAGUDO LOCAL GOVT, IN KEBBI STATE.	20,000,000	completed	We confirmed that these empowerment materials has been supplied,we could access the beneficiaries that received the items.
TRADE	SMEDAN	CONSTRUCTION OF MOTORIZED BOREHOLES IN SOME COMMUNITIES IN SURU AND BAGUDO LOCAL GOVT, AREAS IN KEBBI STATE.	30,000,000	completed	These borehole projects has been constructed in all the selected communities. And it is functioning
WATER RESOURCES	SRRBDA	CONSTRUCTION OF 3 CLASSROOM BLOCKS IN 5 LOCATIONS OF KEBBI CENTRAL SENATORIAL DISTRICT, KEBBI STATE	86,000,000	Not started	None of the residents were aware or could attest to school project in their senatorial district.
WATER RESOURCES	SRRBDA	PROVISION OF SOLAR STREET LIGHTS IN EACH OF THE EIGHT(8) LOCAL GOVERNMENT HEADQUARTERS OF KEBBI CENTRAL SENATORIAL DISTRICT, KEBBI STATE	40,000,000	completed	The installation of the solar streetlight has been completed. The team confirmed less than 20 solar street light within the Gwandu township
WATER RESOURCES	SRRBDA	PURCHASE/ SUPPLY 3" AND 2" WATER PUMPING MACHINES FOR IRRIGATION IN KEBBI CENTRAL SENATORIAL DISTRICT, KEBBI STATE	40,000,000	Not started	None of the residents were aware or could attest to empowerment program in their constituency
WATER RESOURCES	SRRBDA	PROVISION OF CENTER PIVOT IRRIGATION UNITS IN 3 FEDERAL CONSTITUENCIES , KEBBI CENTRAL SENATORIAL DISTRCT, KEBBI STATE	40,000,000	Not started	None of the residents were aware or could attest to empowerment program in their senatorial

WATER RESOURCES	SRRBDA	PROVISION OF TRACTORS AND FARM IMPLEMENTS IN ZURU, KEBBI SOUTH SENATORIAL DISTRICT, KEBBI STATE	114,000,000	completed	None of the residents were aware or could attest to empowerment program in their senatorial
HEALTH	NPHCDA	SUPPLY OF HOSPITAL EQUIPMENT, MATERIALS AND DRUGS, KEBBI NORTH SENATORIAL DISTRICT, KEBBI STTE	21,600,000	completed	Drugs were supplied. The team could not ascertain the exact location supplied to.
HEALTH	NPHCDA	SUPPLY OF THEATRE/ ANAESTHESIA EQUIPMENT FOR THE COMPREHENSIVE HEALTH CENTRE AT ARGUNGU, ARGUNGU LGA, KEBBI NORTH SENATORIAL DISTRICT, KEBBI STATE	5,400,000	completed	Hospital material has been supplied. But access to inspect the equipment was denied during the team visit.
AGRIC	AGRIC	SUPPLY OF TRI-CYCLES, KEBBI NORTH SENATORIAL DISTRICT, KEBBI STATE	27,000,000	completed	The team confirmed that these Tricycles were supplied to the respective local govt area. Although we could not access beneficiaries.
AGRIC	AGRIC	SUPPLY OF MOTORCYCLES, KEBBI NORTH SENATORIAL DISTRICT, KEBBI STATE	27,000,000	completed	The motorcycle has been distributed. We confirmed from residents in different communities that they got the motorcycle and it was a different motorcycle make within the senatorial district
AGRIC	AGRIC	SUPPLY OF SEWING MACHINES, KEBBI NORTH SENATORIAL DISTRICT, KEBBI STATE	18,000,000	completed	The team confirmed that the sewing machines were supplied to the respective local govt area. Although we could not access beneficiaries.

AGRIC	AGRIC	SUPPLY OF DEEP FREEZERS, KEBBI NORTH SENATORIAL DISTRICT, KEBBI STATE	18,000,000	completed	The team confirmed that the deep freezer were supplied to the respective local govt area. Although we could not access beneficiaries.
AGRIC	AGRIC	SUPPLY OF WATER PUMPING MACHINES, KEBBI NORTH SENATORIAL DISTRICT, KEBBI STATE	18,000,000	completed	The team confirmed that the water pumps were supplied to the respective local govt area. Although we could not access beneficiaries.
AGRIC	AGRIC	SUPPLY OF FERTILIZER (NPK/UREA), KEBBI NORTH SENATORIAL DISTRICT, KEBBI STATE	21,899,700	completed	The farmers confirmed that the fertilizer has been distributed to communities across the senatorial district. But they are not aware of who is responsible for the distributions
AGRIC	AGRIC	YAURI FISH MARKET, KEBBI SOUTH SENATORIAL DISTRICT, KEBBI STATE	92,000,000	completed	The tracking officer observed that some of the structures were renovated and new building was also constructed
COMMUNICATION	NITDA	CONSTRUCTION, FURNISHING AND EQUIPING OF ICT CENTRES IN SOME SELECTED SECONDARY SCHOOLS IN KEBBI NORTH CENTRAL SENATORIAL DISTRICT, KEBBI STATE	50,000,000	completed	It has been done with no equipment supplied as at the time of tracking but as it is now the roof is effected by rainstorm due to sub-standard material used
ENVIRONMENT	NATIONAL PARK HEADQUARTERS	SUPPLY OF TRI-CYCLES, KEBBI NORTH SENATORIAL DISTRICT, KEBBI STATE	23,000,300	completed	The team confirmed that the Tricycle were supplied to the respective local govt area. Although we could not access beneficiaries.

ENVIRONMENT	NATIONAL PARK HEADQUARTERS	SUPPLY OF MOTORCYCLES, KEBBI NORTH SENATORIAL DISTRICT, KEBBI STATE	26,100,000	completed	These motorcycle has been supplied to the various local government.
PRESIDENCY	SDG	CONSTRUCTION OF 100 SEAT COMMUNITY HALL AT WASAGU, KEBBI STATE	150,000,000	Not started	This project has not been implemented as at the time of visit.
PRESIDENCY	SDG	SUPPLY OF 8 NOS TOYOTA HIACE AMBULANCE FOR ZURU YAURI, DANKWO/WASAGU, SHANGA, SAKABA, FAKAI AND NGASKI, KEBBI STATE	160,000,000	completed	These ambulance has been procured and delivered to Yauri general hospital. We observed that one is parked at the Emir palace and they are label donated by the a serving senator representing the senatorial district.
PRESIDENCY	SDG	PROVISION OF 71 MOTORISED BOREHOLE IN EACH OF THE 71 WARDS IN KEBBI SOUTH, KEBBI STATE	710,000,000	completed	These project has been completed and confirmed functioning in some selected wards visited. Although locating the communities were very difficult. Also, one of the boreholes was sighted in the premises of a serving senator in zuru. Dabai ward borehole only function for 4 days before it stopped working..
PRESIDENCY	SDG	COMPLETE RENOVATION OF ZURU TOWN HALL, KEBBI STATE	155,000,000	completed	The renovation of the town hall has been completed. Residents lamented that this project is a misplaced of priority. Henceforth, there should be need assessment needed to be carried out before nominating a projet.

TRANSPORTATION	INLAND WATER WAYS (NIWA)	PROVISION OF SMALL JETTYS AT KAWARA, GEBE, ZAMARG AND YAURI END IN KEBBI STATE	150,000,000	completed	The Jetty has been constructed in the selected locations

# Ondo State

“Despite partial delivery on this project, the information gathered during the tracking exercise from the residents was that the construction of the classrooms block has improved studying and made for a more conducive learning environment for the pupils”

- a. Provision of 6 Motorized Boreholes with Solar Pump in Ese, New Iyamen and Ekan-Ikare in Akoko North East, Arigidi, Okeagbe and Ido-Irun in Akoko North West LGA, Ondo State (Cost: N50.8m)

Our designated PTO met the community heads and residents, to observe the execution of these water projects. Admirably, the people were aware of the provision of these schemes in the federal budget. While we report three completed motorised boreholes in Ese, Ekan Ikare and Arigidi, three others in New Iyamen, Arigidi and Odo Irun remain undelivered. Residents urged government to ensure implementation of more infrastructural development-focused projects in the rural areas.

- b. Construction of a block of six classrooms

with headmaster's office at L.A Primary School, Olorunredo, Ondo West (Cost: N20m)

Although it was claimed that project construction had been completed and the classrooms were each equipped with chairs and tables, our PTO noticed that only a block of two classrooms were constructed within the school premises, which is contrary to the budgetary provision for a block of six classrooms.

A letter was sent to Hon. Joseph Akinlaja in December 2016, after a town hall meeting with residents held in November 2016. Despite partial delivery on this project, the information gathered during the tracking exercise from the residents was that the construction of the classrooms block has improved studying and made for a more conducive learning environment for the pupils.

- c. Purchase of five of 500kva/33kva transformer for Ondo North Senatorial District (Cost: N20m)

This project has not been implemented, despite its indisputable importance. The PTOs met with Ondo North Senatorial District community members who informed that the project was pending, to their great inconvenience and “suffering.”

Further findings by the Tracka team showed that the delay was due to bureaucratic hindrances, with promises made towards resolving these, before the new budget cycle. Respondents, including a Director with the Electricity Management Distribution Company in Akure, told PTOs that the tardiness on this project has caused low productivity, retarding the economic growth of the communities.

MDA	AGENCY	PROJECT DETAILS	AMOUNT (NGN)	STATUS	OBSERVATION
REFUGEES	SGF	CONSTRUCTION OF CULVERTS IN ONDO STATE	30,000,000	No project location	No project location
REFUGEES	SGF	SUPPLY AND INSTALLATIONS OF TRANSFORMERS INOWO AND OSE LOCAL GOVERNMENTS OF ONDO STATE	30,000,000	No project location	No project location
UBEC	EDUCATION	RENOVATION OF SCHOOLS IN OWO AND OSE LOCAL GOVERNMENTS OF ONDO STATE	41,800,000	No project location	No project location
BORBDA	WATER RESOURCES	PROVISION OF MPOTRORISED BOREHOLES WITH SOLAR PUMP IN ESE, NEW IYAMEN AND EKAN IKARE IN AKOKO NORTH EAST, ARIGIDDI, OKEAGBE AND ODO IRUN IN AKOKO NORTH WEST LGA	50,800,000	No project location	No project location
BORBDA	WATER RESOURCES	PROVISION OF 10 HAND PUMP BOREHOLES IN UGBE (TANIMOWO & AUNTY BISI) IKU, OKOJA IKARE, AUGA, IKAKUMO IN AKOKO NORTH WEST LGA, ONDO STATE	20,000,000	COMPLETED	Tracked and reported
SMEDAN	TRADE	TRAINING OF YOUTHS AND WOMEN ON FISH AND GRASSCUTTER FARMING AND EMPOWERMENT KITS IN AKOKO NORTH EAST/WEST FEDERAL CONSTITUENCY	31,000,000	COMPLETED	This project is reported as completed

PRODA	SCIENCE	ENTERPRENEURSHIP AND VOCATIONAL EDUCATION IN ILAJE ESEODO FEDERAL CONSTITUENCY	40,800,000	NOT DONE	This project has not been implemented
PRODA	SCIENCE	PURCHASE OF WATER TANKER (MAN DIESEL 20000000 L CAPACITY) AND 15NOS OF 3000L GP TANK)AND CONSTRUCTION OF 5 PUBLIC TOILETS IN ILAJ/ESE PODO FEDERAL CONSTITUENCY, ONDO STATE	20,000,000	ONGOING	This project is reported as ongoing
BORBDA	WATER RESOURCES	CONSTRUCTION AND REHABILITATION OF FOOT BRIDGES/WOODEN WALKWAYS IN ILAJE/ESEO FEDERAL CONSTITUENCY, ONDO STATE	20,000,000	NOT DONE	Tracked but not done
UBEC	EDUCATION	REHABILITAION OF EXISTING DILAPIDATED PRIMARY SCHOOLS IN ILAJE/ESEODO FEDERAL CONSTITUENCY, ONDO STATE	21,000,000	NOT DONE	Tracked but not done
UBEC	EDUCATION	PROVISION OF SCIENCE KITS EQUIPMENT TO VARIOUS SCHOOLS IN AKOKO SOUTH EAST/SOUTH WEST FEDERAL CONSTITUENCY, ONDO STATE	30,000,000	NOT DONE	Tracked but not done
BCDA	SGF	SUPPLY OF MOTORCYCLES IN AKOKO SOUTH EAST/ AKOKO SOUTH WEST FEDERAL CONSTITUENCY, ONDO STATE	40,800,000	NOT DONE	Tracked but not done

BCDA	SGF	CONSTRUCTION OF A BLOCK OF 6 CLASSROOMS WITH VIP TOILETS IN AKURE SOUTH LGA AND CONSTRUCTION OF A BLOCK OF 6 CLASSROOMS IN AKURE NORTH LGA, ONDO STATE	50,000,000	NOT DONE	Tracked but not implemented
BCDA	SGF	PROVISION OF TRICYCLES TO AKURE NORTH/AKURE SOUTH FEDERAL CONSTITUENCY, ONDO STATE	25,000,000	COMPLETED	The tricycle has been procured and shared accordingly to the beneficiaries across the constituency
UBEC	SGF	PROVISION OF TOYOTA BUSES TO AKURE NORTH/AKURE SOUTH FEDERAL CONSTITUENCY, ONDO STATE	26,800,000	NOT DONE	This project has not been implemented
UBEC	EDUCATION	CONSTRUCTION OF ONE BLOCK OF 6 CLASSROOMS WITH HEADMASTERS OFFICE AT L.A PRY SCHOOL, OLORUNTEDO, ONDO WEST LGA, ONDO STATE	20,000,000	COMPLETED	The school building has been constructed, we observed that only two classrooms block were constructed as against the six classroom provision stated in the budget.
UBEC	EDUCATION	CONSTRUCTION OF ONE BLOCK OF 6 CLASSROOMS WITH HEADMASTERS OFFICE AT L.A PRY SCHOOL, OKE ALAAFIA, ONDO WEST LGA, ONDO STATE	20,000,000	COMPLETED	The project has been implemented, the team noticed that it was sighted in a different community.

UBEC	EDUCATION	RENOVATION OF A BLOCK OF 6 CLASSROOMS WITH HEADMASTER' OFFICE IN JISOMOSUN/LUJOMU COMPREHENSIVE HIGH SCHOOL, ONDO EAST/WEST FEDERAL CONSTITUENCY, ONDO STATE	15,000,000	COMPLETED	The renovation work has been implemented. But we observed that only four classrooms were renovated instead of six classrooms. The signpost on the project site indicated that four classrooms blocks were constructed.
ECN	SCIENCE	SOLAR STREET LIGHT IN ONDO EAST/WEST FEDERAL CONSTITUENCY, ONDO STATE	12,000,000	NOT DONE	Not implemented
PRODA	SCIENCE	SKILL ACQUISITION, TRAINING AND EMPOWERMENT IN ILE-OLUJI /OKEIGBO/ODIGBO FEDERAL CONSTITUENCY, ONDO STATE	40,800,000	COMPLETED	This project has been completed
PRODA	SCIENCE	PROVISION OF SOLAR STREET LIGHT IN ODIGBO/ILEOLUJI/OKEIGBO FEDERAL CONSTITUENCY, ONDO STATE	40,000,000	COMPLETED	The solar street light installation has been installed in the following town Oniparaga, Araromi Obu, and Ore town.
PRODA	SCIENCE	CONSTRUCTION OF MARKET STALLS IN OKEIGBO FOR FARMERS OF COCOA, KOLANUT, FISH AND OTHERS IN ODIGBO/ ILEOLUJI/OKEIGBO FEDERAL CONSTITUENCY, ONDO STATE	21,000,000	COMPLETED	The market stall has been constructed, but we observed that the amount for the construction is outrageous.

NPHCDA	HEALTH	THREE MOBILE CLINIC FOR RURAL DWELLERS IN OKITIPUPA/IRELE FEDERAL CONSTITUENCY, ONDO STATE	36,000,000	NOT DONE	Tracked but not reported
UBEC	EDUCATION	THREE LIBRARIES FOR SECONDARY SCHOOL AND SHELVES , IGBOTAKO, IDEPE AND ODE IRELE , ODNO STATE	40,000,000	ONGOING	This project was tracked and confirmed completed in Idepe, ongoing in Ajagba, Ode Irele and work is yet to start in Igbotako
UBEC	TRADE	SUPPLY OF TRICYCLES AT IDANRE/IFEDORE FEDERAL CONSTITUENCY, ONDO STATE	20,000,000	COMPLETED	These item has been procured since 2016 and yet to distributed.
UBEC	EDUCATION	CONSTRUCTION OF A BLOCK OF 3CLASSROOMS IN EMMANUEL ANGLICAN PRIMARY SCHOOL, IKOTA, IDANRE/IFEDORE FEDERAL CONSTIUENCY, ONDO STATE	21,000,000	ONGOING	This project is reported as ongoing
UBEC	EDUCATION	RENOVATION OF SCHOOLS IN IDANRE,ONDO EAST AND ONDO WEST IN ONDO CENTRAL SENATORIAL DISTRICT,ONDO STATE	28,800,000	NOT DONE	This project has not been implemented
NDE	LABOUR	SOLAR STREET LIGHT AT UKA, OWO, ONDO NORTH SENATORIAL DISTRICT, ONDO STATE	10,000,000	COMPLETED	This solar street light has been installed. only five solar street light was sighted during the tracking.

NDE	LABOUR	MOTORISED BOREHLE N ULEDE MARKET, OWO IN ONDO NORTH, ONDO STATE	10,000,000	COMPLETED	The borehole has not been constructed
NCWD	WOMEN AFFAIRS	YOUTH/WOMEN EMPOWERMENT FOR TRADERS AND SRTISANS IN ONDO CENTRAL SENATORIAL DISTRICT 130 NOS, MOTORCYCLES 19500: WEAVING MACHINES=15600,GRINDI NG MACHINES=11865;SEWING MACHINES 8500 AND WHEEL CHAIRS 6431,000 IN ONDO STATE	55,200,000	Completed	We report this project as completed but we observed that method of distribution was partial as party loyalist got the largest share.
WORKS	WORKS, POWER AND HOUSING	CONSTRUCTION OF BRIDGES IN AKURE SOUTH AND ONDO WEST LGAs IN ONDO CENTRAL SENATROIAL DISTRICT, ONDO STATE	27,000,000	NOT DONE	This project has not been implemented
WORKS	WORKS, POWER AND HOUSING	CONSTRUCTION OF MULTIPURPOSE HALL IN IDANRE, ONDO CENTRAL SENATORIAL DISTRICT, ONDO STATE	29,000,000	ONGOING	This project is reported as ongoing

PEDI.ILESA	SCIENCE	CONSTRUCTION OF FOOTBALL FIELD AND PERIMETER FENC AT CHRIST SCHOL, OKA IN ONDO NORTH, ONDO STATE	30,000,000	NOT DONE	This project has not been implemented.
EMDI,AKURE	SCIENCE	PURCHASE OF 5NOS 500KVA/33 TRANSFORMERS FOR ONDO NORTH SENATORIAL DISTRICT, ONDO STATE	20,000,000	No project location	No access to project site
EMDI, AKURE	SCIENCE	CONNECTION OF TRANSFORMER IN ONDO NORTH SENATORIAL DISTRICT, ONDO STATE	10,000,000	NOT DONE	No access to project site

# Edo State

“

Hon. Pally Iriase stated that he had duly nominated the project and therefore, all enquiries should be directed to the relevant ministry—the Ministry of Health—for any updates on this project’s completion.

”

“This project was first awarded in 2015 as Completion of Uzebba, Owan West LGA Edo State for N30mn, and was abandoned half way”

“We encouraged the residents to write letters to their Representative at the National Assembly and the Ministry of Health, to follow up on this project”

- a. Construction of Primary Health Centre with borehole at Uzebba, Owan West LGA, Edo State (Cost: N36m)

This project was first awarded in 2015 as “Completion of Uzebba, Owan West LGA Edo State” for N30mn, and was abandoned half way. In November 2016, PTOs sensitised the indigenes of Uzebba community in a series of meetings that informed them in detail about the health centre project.

The community Head revealed to the team in 2015 that Hon. Pally Iriase approached the community and requested for a plot of land to execute the Health centre, promising to build a grade B facility for the community. The Head added that despite the provision of this plot of land by the community as requested, the health center is yet to be completed, despite several efforts.

In response to letters written by the community members, Hon. Pally Iriase stated that he had duly nominated the project and therefore, all enquiries should be directed to the relevant ministry—the Ministry of Health—for any updates on this project’s completion.

- b. Completion of Primary Health Centre, Okpokhumi-Emai, Owan East Edo State (Cost: N20m)

Having experienced threats in 2015 at Okpokhumi-Emai while tracking constituency projects, the PTOs exhibited utmost caution, while monitoring the implementation of this project. We report an uncompleted clinic building on site, which residents say has been there since 2009.

We encouraged the residents to write letters

“In December 2016 we gathered that a total sum of N259,178,788 has been released for the rehabilitation of this road project. Work is currently ongoing at the project site”

to their Representative at the National Assembly and the Ministry of Health, to follow up on this project. The letters were complemented by Tracka’s letters to both bodies, urging the implementation of the primary health centre.

During our field visits in January 2017, we observed work has commenced at the abandoned clinic building, and the health centre has been completed. However, equipment reportedly worth N6mn is yet to be supplied, and the building remains under lock and key.

- c. Complete rehabilitation and reconstruction of Otuo-Afuzo road with spur anchorage road in Otuo, Owan East LGA, Edo State (Cost: N500m)

PTOs visited Afuze on several occasions, to observe this crucial project; the road

connects over 26 villages in Otuo, and the successful delivery of a major access road like this will markedly increase economic ties within the communities and to other States as well.

Tracka printed and distributed budget documents to sensitize residents about the 2016 FG constituency projects allotted to their community. Through town hall meetings, they were encouraged to engage with their elected officials.

In December 2016 we gathered that a total sum of N259,178,788 has been released for the rehabilitation of this road project. Work is currently ongoing at the project site.

MDA	AGENCY	PROJECT DETAILS	AMOUNT (NGN)	STATUS	OBSERVATION
NIGER DELTA	NIGER DELTA	COMPLETE REHABILITATION AND RECONSTRUCTION OF OTUO - AFUZE ROAD WITH A SPUR TO ANCHORAGE ROAD, OTUO IN OWAN EAST LGA, EDO STATE	500,000,000	ONGOING	This road project is reported as ongoing despite a total sum of N259,173,788 has been released for the project.
WATER	BORDA	STUDY DESIGN AND CONSTRUCTION OF A COMPREHENSIVE EARTH DAM WATER SCHEME FOR OTUO AND DISTRICT IN OWAN EAST LGA, EDO STATE	500,000,000	ONGOING	The project is ongoing. Although due to insecurity challenges in the area the team could not access the project site. Residents,also confirmed that work is ongoing on the site. It's a 13km distance from the community and the road is not accessible.
HEALTH	NPHCDA	EQUIPMENT FOR WOMEN AND CHILDREN HOSPITAL,OTUO,OWAN EAST LGA,EDO STATE	200,000,000	COMLPETED	The project has been completed, but we observed that the health centre was captured both in state and federal budget with a different amount. It's under lock and key..

# Imo State

“

However, due to low-level security within the constituency, hoodlums vandalized the newly-constructed project and stole six of the recently installed doors.

”

## 87 Projects Tracked

“However, in March 2017 the construction of the classroom project commenced, and the school project has now been completed”

“PTOs advised and assisted the community to write to their representative and the responsible government offices, requesting an update on the project”

- a. Construction of two (2) Classrooms with chair and desk and office at Umuoziri Secondary Technical School, Inyishi Ikeduru Federal Constituency, Imo State (Cost N26m)

This project site was first visited in August 2016 and at that time, work was yet to commence. PTOs engaged with the community and encouraged members to write a letter to their representative demanding project implementation; no response was received in this regard.

However, in March 2017 the construction of the classroom project commenced, and the school project has now been completed. However, due to low-level security within the constituency, hoodlums vandalized the newly-constructed project and stole six of the recently installed doors.

- Teachers at the school reported their displeasure over the act to PTOs, stating that they had yet to commence usage of the classrooms for learning.

- b. Construction and installation of Palm Oil Processing Plant at Umuorji Egbema, Imo State (Cost: N20m)

This project is reported as not implemented, despite PTOs' consistent engagement with the people of Umuorji. Prior to PTOs' visits to observe the palm oil processing centre, residents of Umuorji revealed that they were not aware of the project and informed the team that if this project is implemented, it would serve as a great relief to palm oil sale, which is the major occupation in the area.

PTOs advised and assisted the community to write to their representative and the responsible government offices, requesting

an update on the project. No response has been received from Umuorji's representative and the ministry involved, as at the time of the filing of this Report.

operation, and the pupils are receiving lessons in the classes.

“The community followed through, noting in their correspondence that the rehabilitation of the school project would enable their children to learn in a conducive environment”

c. Rehabilitation of Omuma central school in Omuma, Oru East LGA, Imo West Senatorial District (Cost N30m)

PTOs monitored this school, and report it as completed. Residents of Omuma community in Oru LGA were engaged with, and assisted to write to their representative as this project has been abandoned, and taken over by hoodlums.

The community followed through, noting in their correspondence that the rehabilitation of the school project would enable their children to learn in a conducive environment. PTOs report that as at the most recent site visit to this school project, the project is in

# Niger State

“  
The community head reached out to Tracka in January 2017 to confirm that construction of the clinic building had commenced.  
”

- a. Construction of a Block of Three Classrooms with Furniture At Kadna Community Bosso LGA, Niger State (Cost: N9m)

According to the budget line, the construction of a block of three classrooms with furniture was meant to be built at Kadna community Bosso LGA, Niger State for N9m. PTOs thus sensitized the indigenes of Kadna community, informing them about the project. The community Head reported that community members, himself included, were not aware of budgetary provisions for this facility.

After a series of written correspondences on behalf of the community, the project was implemented. However, only a block of two classrooms, instead of three classrooms were constructed, and without furniture.

The Kadna residents continued to inquire from the legislator responsible (Hon. Adamu Saliyu) about the state of this project. His response stated that N9mn as named in the budget is insufficient to construct a block of three classrooms with furniture, and that this is why a block of two classrooms was constructed. The structure also remains locked, with no access for residents. When PTOs revisited the project site, we observed the wall is cracking and the foundation seems to be affected by erosion in the area.

- b. Renovation and Furnishing Of Classrooms At Govt. Day Sec. School Katsha, Govt. Sec. School Doko, Govt. Sec School Lemu, Govt. Sec. School Mokwa, Govt. Girls Sec. School Bida, Junior Sec. School Egba Of The Niger South Senatorial District, Niger State (Cost: N50m)

Munya, shiroro and Rafi Niger

On PTOs' visit to the project site, we report the school as dilapidated, with no roof in different places; students sat on the floor to receive classes.

Engagement began with the Principal and staff, taking them through the budget line items. They reported that they had to plead with the Contractor to renovate the entire block but the Contractor responded that the project brief given to him was for a block of two classrooms, to be renovated by the Senator.

Both parties negotiated for the renovation and furnishing of another building; meaning the project at Mokwa has not been carried out.

Tracka contacted the lawmaker responsible for this project for further clarification. He said funds were diverted to a different project, for

the interest of the communities. All subsequent efforts to find out where the said projects were diverted to, have not been responded to.

c. Supply of Grinding Machine, Sewing Machine and Laptop Computers, Shiroro Lga Rafi LGA And Munya LGA, Niger State. (Cost: N30m)

In all three communities, the project has been carried out and residents report that the disbursement process was satisfactory. Eighty-nine numbers of each item were supplied; 28 for two LGAs, and 29 for another LGA, while Party Chairmen got one each.

MDA	AGENCY	PROJECT DETAILS	AMOUNT (NGN)	STATUS	OBSERVATION
MINISTRY OF WOMEN AFFAIRS	WOMEN	ICT, HAIR DRESSING, BARBING SALON, TAILORING/KNITTING, BORHILE/SURFACE BANK, GENERATOR HOUSE 60KV, SECURITY POST AND PERIMETER FENCING IN KONTGORA FEDERAL CONSTITUENCY, NIGER STATE	43000000	COMPLETED	ICT, HAIR DRESSING, BARBING SALON, TAILORING/KNITTING, BORHILE/SURFACE BANK, GENERATOR HOUSE 60KV, SECURITY POST AND PERIMETER FENCING IN KONTGORA FEDERAL CONSTITUENCY, NIGER STATE

Community members were clearly afraid to write a letter to their elected representatives to seek information on this project, and were duly allowed to exercise their right not to do so.

”

## 51 Projects Tracked

“The community Head reported his sadness at what he termed the “backwardness” of Jobele community, due to the lack of electricity for a year”

- a. Provision of 80 Units Transformers in Oyo Central Senatorial District, Oyo State Afijio LGA (Cost: N150m)

In September 2016, PTOs engaged with community leaders on this project, where they disclosed that they were unaware of what federal constituency projects were scheduled for their area. The community Head reported his sadness at what he termed the “backwardness” of Jobele community, due to the lack of electricity for a year.

He said this had forced the students of the educational institution established at Jobele to move out of the community, thereby affecting local business activities.

The community unanimously agreed to submit a letter to their elected member of the National Assembly.

Shortly after, the 500kva transformers were supplied by the Senator representing this District, with installation and energization now completed.

- b. Rehabilitation Of 4 Nos Of Government Schools in Ibarapa Central Local Government, Ibarapa Central/Ibarapa North Federal Constituency, Ibarapa Central, Oyo State (Cost: N36.5m)

Residents of Ibarapa Central were implored via town hall meetings, to engage with their elected member in the National Assembly on this project. Subsequently, the Tracka team received a call from the community’s leaders that the rehabilitation of some schools had started.

Verification exercises by PTOs confirmed some schools had been rehabilitated, while a

Rehabilitation of 3 nos of government schools in Ibarapa central, Ibarapa north federal constituency (oke-aako), Oyo State (4)

Construction & Equipment of Skills Acquisition Centre in Olorunsogo Local Government Oyo State

“When the Tracka team visited the Igbeti community over the construction and equipping of a skill acquisition center, community members were clearly afraid to write a letter to their elected representatives to seek information on this project”

few are still ongoing. Community members disclosed their happiness that they would have remained unaware of this project, but for the Tracka team. They confirmed that the rehabilitation of schools only started as a result of all the information given to them by the PTOs.

c. Construction & Equipping of Skill Acquisition Center In Olorunsogo LGA, Oyo State (Cost: N27.5m)

When the Tracka team visited the Igbeti community over the construction and equipping of a skill acquisition center, community members were clearly afraid to write a letter to their elected representatives to seek information on this project. They were duly allowed to exercise their right not to do so.

On subsequent verification visits to the

community, PTOs engaged with Mr Remi Kolade, the Personal Assistant to the lawmaker responsible for this community.

The aide took PTOs to the site, where it was discovered that no activity was ongoing. On further enquiries, the aide reported that the project stopped due to a lack of financial commitment.

Though the structure has been built, with provisions for a toilet and borehole, it is yet to be painted or powered with electricity, and furniture was not supplied.

MDA	AGENCY	PROJECT DETAILS	AMOUNT (NGN)	STATUS	OBSERVATION
ECN	SCIENCE	CONSTRUCTION OF 4 NOS. OF SOLAR POWERED BOREHOLES AT IBADAN NORTH FEDERAL CONSTIYUENCY, OYO STATE.	21,000,000	NOT DONE	The construction of 4 nos of solar borehole has not been implemented. NITDA	COMMUNICATION	EMPOWERMENT SCHEME FOR THE YOUTH AND WOMEN IN OYO NORTH SENATORIAL DISTRICT, STATE	90,000,000	NOT DONE	None of the residents were aware or could attest to empowerment program in their constituency

# Kano State

- Provision of Water Hand Pumps and Solar Powered Boreholes in Various Communities of Kumbotso LGA, Kano State (Cost: N18m)
- Comprehensive/Cottage Hospital with Full Modern Equipment at Dadin Kow, Doguwa, Kano State (Cost: N72m)

“community members expressed their profound gratitude to the government, they urged the government to fully implement the functionality of the hospital so as to improve access to health care and boost the quality of life for all residents”

Upon investigation PTOs noted that three hand pump boreholes were installed in Sheka, Rukunsawa and Yanshana communities in Kumbotso LGA, and these are all functional. The Tracka team met with residents and community Heads, to discuss how beneficial the installations have been to them.

In response, community members commended the government on the provision of potable water to the communities, saying it has contributed to a significant reduction in waterborne diseases; they however urged the government to make provisions for other basic amenities.

While this project is completed, it remained non-functional, and was not in use, at the time of filing all final reports.

In addition, community members report that equipment to be installed has been stored in some buildings near the hospital, due to security reasons. While the community members expressed their profound gratitude to the government, they urged the government to fully implement the functionality of the hospital so as to improve access to health care and boost the quality of life for all residents.

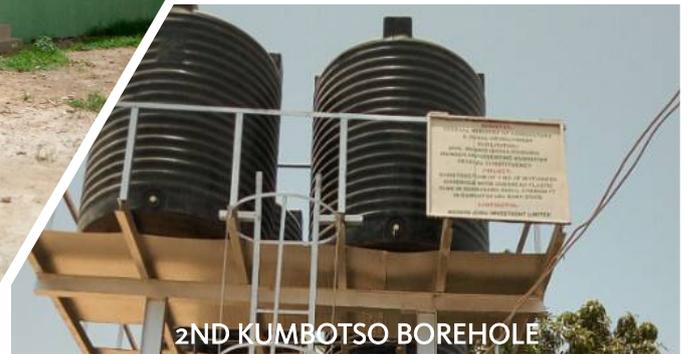

- Construction and Tarring of 3km Length of Township Road (With Asphalt In

KUMBOTSO HAND PUMP  
BOREHOLE

2ND KUMBOTSO BOREHOLE

SHEKA BOREHOLE

Dadin Kowa Town) Doguwa, Kano  
State (Cost: N60m)

We record this project as ongoing, and note the progress in the construction of this access road, with the requisite drainages and culvert. The Contractor engaged with youths of the Dadin Kowa community, and the PTO will continue to monitor this project until completion. Residents are happy with the pace of work, reporting that the project will ease commuter access to the four neighbouring villagers connected to Dadin Kowa.

# Cross River State

“

Community members periodically report to PTOs, noting that the road will now increase the production and sale of palm oil by farmers, which will boost their earnings, and also increase income for the exploration of granite.

”

“Road construction commenced in December 2016 and has been completed. Community members periodically report to PTOs, noting that the road will now increase the production and sale of palm oil by farmers, which will boost their earnings, and also increase income for the exploration of granite”

- a. Construction of Ntui Ogra Road, Akamkpa Town, Akamkpa LGA, Cross River State (Cost: N60m)

In August 2016, the Tracka team visited Akamkpa community, to enlighten the people on this project. Residents reported that bad roads are a major challenge for their community, especially because they rely on farming as their livelihood, a job that requires good road networks to transport produce to prospective buyers.

PTOs held a town hall meeting again in September with the community, encouraging them to write letters to their representatives at the National Assembly. The lawmaker in question, Hon. Daniel Asuquo Effiong, acknowledged the community's letter and assured the village Head he would follow up on the implementation of this project.

Thereafter, road construction commenced in

December 2016 and has been completed. Community members periodically report to PTOs, noting that the road will now increase the production and sale of palm oil by farmers, which will boost their earnings, and also increase income for the exploration of granite.

- b. Construction of Youth Development Centre, Obubra, Cross River State (Cost N30m)

In August 2016, the PTOs visited the palace of the Paramount Ruler in Obubra LGA, to inform the community on the construction of youth development center. Although details of the project were provided to the community Head, we note that he appeared uninterested in the project.

Further requests for engagement were also declined; as he communicated he was not ready for engagement. It is important to note

Rehabilitation of class rooms at Ediba Calabar Municipal

that this project initially appeared on the 2015 budget with a cost of N50mn and then reappeared in the 2016 budget at a cost of N30mn; in both cases, the project was not implemented.

- c. Rehabilitation of Three (3) Class Rooms Block with V.I.P Toilet at Ediba, Calabar Municipal, Cross River (Cost: N20m)

“Project tracking began with a visit to the school’s Head Teacher, with sensitization meetings embarked on with the school staff, because there is no community responsible for the location of the school”

Project tracking began with a visit to the school’s Head Teacher, with sensitization meetings embarked on with the school staff, because there is no community responsible for the location of the school. The PTOs urged the school to engage with the local government representatives by writing a letter requesting for updates on this project.

Their letter was replied to by Gershom Bassey, the Senator representing Cross River South Senatorial District. Work on the rehabilitation of the class rooms commenced on May 2017, and is still ongoing.

“

Alhaji Mamaudu Umaru reported to PTOs that this road remains enveloped with potholes, constituting a danger and health hazard to residents of the community due to its abandonment.

”

“Subsequently, we assisted the residents to communicate with their representatives, and push for the implementation of the project. In January 2017 work on the 4.6km road commenced, with construction of the road drainage”

- a. Construction of 4.6km Road (Drainage, Laterite, Grading and Asphalt) from Ajobe to Awo in Ankpa LGA, Kogi State (Cost: N60m)

Our PTOs sensitised residents on the FG 2016 constituency projects within their community, including this one. While meeting with the village Head, HRH Alhaji Mamaudu Umaru, he made extensive statements on the importance of this road to his community.

Subsequently, we assisted the residents to communicate with their representatives, and push for the implementation of the project. In January 2017 work on the 4.6km road commenced, with construction of the road drainage.

However, weeks later, work stopped at the project site. Alhaji Mamaudu Umaru reported to PTOs that this road remains enveloped with potholes, constituting a danger and health hazard to residents of the community due to its abandonment.

The Contractor handling the road could not be reached by PTOs, to clarify why the project remains abandoned.

- b. Construction of Cottage Hospital including Doctors & Nurses Quarters, Mortuary as well as Provision of Drugs and Equipment for Okene (Cost: N150m)

Upon a first visit to monitor this project in July 2016, PTOs observed that this project as abandoned. Residents of this community confirmed to the team that

construction of the health centre began in 2015 and work stopped sometime thereafter.

“With this knowledge, the Tracka team convened a town hall meeting with the indigenes of Okene, Kogi, assisting community members to identify, and engage with all relevant public officials”

With this knowledge, the Tracka team convened a town hall meeting with the indigenes of Okene, Kogi, assisting community members to identify, and engage with all relevant public officials. In October 2016, construction of the health centre was completed, and equipment supplied.

However, follow-up communication with residents has unearthed reports that the health center remains non-functional.

# Kwara State

“

The PTOs noted that though the budget provided for a block of three classrooms, the structure on the ground was one block of two classrooms.

”

- a. Supply of Empowerment Material: 30 Nos of Tricycles, 150 Nos of Motorcycles, And 200 Nos of Grinding Machines in Ilorin East/Ilorin South Federal Constituency (Cost: N63m)

Supervisory visits began in April 2017, augmented with engagement meetings with constituents. Residents reported that they were not aware of this provision for their community. They were of the opinion that only a fraction of what was provided for in the budget must have been actually supplied to the constituency and that this was likely used as a means of political reward for loyalists of the ruling party in the State.

Anecdotal evidence suggests that Ward executives in both local governments under this federal constituency were given some of these empowerment materials, while the real beneficiaries were left in limbo.

Further investigations by PTOs on these claims revealed that some of these empowerment materials e.g. the tricycles, were kept in the constituency office of the Senate President, Senator Bukola Saraki. All efforts to reach the local legislator Hon. Abubakar Amuda-Kannike, either directly or through his aides to trace this project, were unsuccessful.

- b. Construction of One Block of Three Classrooms with Office, Store, Furnishing and Two Blocks of VIP Toilets in Ansar-UI-Islam Junior Secondary School, Oke-Aluko, Kwara Central Senatorial District, Kwara State (Cost: N16m)

The PTOs noted that though the budget provided for a block of three classrooms, the structure on the ground was one block of two classrooms. Staff of the school expressed

Empowerment Materials 1

Mandate Sec. Schl

“The PTO visited this school in April 2017, noting that initially, only six classrooms were being built, rather than the eight specified in the budget”

their surprise that the project did not follow the budget specifications. It was also observed that the prescribed office, store and VIP toilets in the budget were not included in the school block construction. All efforts to reach the Contractor handling the project yielded no results. Subsequent visits in the months of June and July 2017 showed that the project has now been abandoned; workers and equipment are no longer onsite.

- c. Construction of a Block of Eight Classrooms with Offices, Stores, Two Blocks of VIP Toilets and 160 Nos of Dual Desks Seaters in Mandate Secondary School, Adeta, Ilorin, Kwara Central Senatorial District, Kwara State (Cost: N48m)

The PTO visited this school in April 2017, noting that initially, only six classrooms were being built, rather than the eight specified in

the budget. Accordingly, staff of the benefiting school were duly sensitized and subsequently, two more classrooms were added to the previous six, to make the total tally eight classrooms.

However, there are no adjoining offices, stores and VIP toilets, as spelt out in the budget. The project is nearing completion in other regards, as the exterior of the first six classes has been painted; only the interior is yet to be painted.

Also, community members informed the PTOs that about 100 dual-desk seaters have been supplied to the school, while they are awaiting the remaining 60 seaters.

AGRICULTURE	RURAL DEVELOPMENT	PROVISION OF SOLAR STREET LIGHTS IN KWARA CENTRAL SENATORIAL DISTRICT, KWARA STATE	#44,800,000.00	ONGOING	This project is ongoing and the pace of work is quite commendable. The selected areas/communities are enjoying these amenities and their economic activities especially at night has improved considerably.
AGRICULTURE	RURAL DEVELOPMENT	CONSTRUCTION OF SOLAR BOREHOLES IN VARIOUS AREAS OF KWARA CENTRAL SENATORIAL DISTRICT, KWARA STATE	#43,200,000.00	ONGOING	The number of solar powered boreholes were reported to be four but only two have been found. The location of the remaining two is still a mystery, however, out of the two boreholes, only one has started functioning while the other one is yet to function.
ENVIRONMENT	ENVIRONMENT	CONSTRUCTION OF DRAINAGES, ROAD NETWORK AND EROSION CONTROL AT SELECTED AREAS IN KWARA CENTRAL, KWARA STATE	#625,000,000.00	ONGOING	This project is ongoing and the pace of work is quite commendable. The project when finally completed will bring great relief to the selected communities, especially during the rainy season.

TRADE	SMEDAN	SUPPLY OF EMPOWERMENT MATERIALS: TRICYCLE X 30NOS, MOTORCYCLE X 150 NOS AND GRINDING MACHINE X 200NOS IN ILORIN EAST/SOUTH FEDERAL CONSTITUENCY, KWARA STATE	#63,000,000.00	ONGOING	Reports have it that only a few grinding machines were given out to the ward executives of the ruling party in this federal constituency as rewards of loyalty while the real beneficiaries are shut out.The LGA workers allege that they were not carried along and the people are not aware of such provisions for them in the budget.
ENVIRONMENT	ENVIRONMENT	EROSION CONTROL AT ABATA KARUMA, GAMBARI II WARD, ILORIN EAST LGA AND OKE ALUKO AREA, OKAKA II WARD, ILORIN SOUTH LGA, KWARA STATE	#27,000,000.00	ABANDONED	This project started well and the residents were quite ecstatic about the project.However, the project is stalling and the contractor has moved away from the site.A Recent visit to the project site revealed that the project has been abandoned for over a month now.
EDUCATION	U B E C	CONSTRUCTION OF A BLOCK OF EIGHT CLASSROOMS WITH OFFICES, STORES, TWO BLOCKS OF VIP TOILETS AND 160 NOS OF DUAL DESK SEATER IN MANDATE SECONDARY SCHOOL, ADETA, KWARA CENTRAL SENATORIAL DISTRICT, KWARA STATE	#48,000,000.00	ONGOING	This project is almost completed.The structure has no provisions for the adjoining offices, VIP toilets, and stores as specified in the budget.The building has been painted and the furnishing with 160 units of dual desks for the classes will be done soon.

EDUCATION	U B E C	CONSTRUCTION OF ONE BLOCK OF THREE CLASSROOMS WITH OFFICE, STORE, FURNISHING AND TWO BLOCKS OF VIP TOILET IN ANSARUL ISLAM JUNIOR SECONDARY SCHOOL, OKE ALUKO, KWARA CENTRAL SENATORIAL DISTRICT, KWARA STATE	#16,000,000.00	ONGOING	This project is ongoing though the pace of work is quite slow. The staff of the school complained about the pace of work as the workers come at will. The structure has only two classrooms as opposed to three classrooms in the budget, there is no VIP toilets, store, office etc as specified in the budget.
DEFENCE	NIGERIAN ARMY	CONSTRUCTION OF ROADS IN EKITI / IREPODUN / ISIN / OKE-ERO FEDERAL CONSTITUENCY	#125,000,000.00	ONGOING	This project started well and with the presence of military personnel supervising the project, all hands are on deck. However, it appears that the project is to be done in phases as it covers strategic roads in the four LGA's that make up this federal constituency and it is starting from Omu-Aran in Irepodun LGA. When completed, the project will boost the socio-economic life of the constituents within this federal constituency.

# Ogun State

- a. ICT Centre Ago-Iwoye, Ijebu North LGA, Ogun State (Cost: N24m)

Prior to PTOs' engagement with this community in October 2016, we noticed that the residents of Ago Iwoye were unaware of this project and about five (5) others meant for their community.

In addition, we were told that the community representative (Hon. Adekoya Adesegun) had been to the local University, announcing his intention to improve its existing ICT department through the donation of some computer systems.

Despite the huge amount allotted to this project, we note that there is no new ICT Centre constructed in the community. Residents report that the only semblance of this project was one executed in the representative's constituency office in

February 2017, where less than thirty (30) computers and some accessories were placed in the constituency office, turning this into an ICT Centre.

A follow-up visit to the community in March 2017 and engagement with residents saw them reiterate their stand, that the community remains unsatisfied with the project location, and its implementation.

- b. Provision of Solar Powered Street Lights to Support the Primary Health Centres at Odeda LGA, Ogun Central Senatorial District (Cost: N37m)

Despite the significant allocation for the provision of solar street lights, during our tracking exercises, only four poles of solar street lights were supplied and installed at Obantoko Primary Health Centre in Odeda LGA, out of the six LGAs where these projects were meant to be implemented.

“Despite the huge amount allotted to this project, we note that there is no new ICT Centre constructed in the community”

ICT CENTRE IN AGO IWOYE

SUPPLY OF TRANSFORMER ACROSS  
OGUN EAST

Residents strongly expressed their displeasure over this project's implementation; they believe it is an indicator of misplaced priorities, since the health centre itself lacks basic medical equipment to cater for patients.

- c. Supply of 11 units of ABBB-500KVA BY 333 tones transformer to various communities in Ogun East senatorial district (Cost: N3.6m)

We report the supply of 11 units of transformer as somewhat completed. Our use of the word "somewhat" is because during PTOs' visits to the Senator's office, these transformers were observed as already supplied. However, the transformers are yet to be distributed to the communities that they are meant for; they are still in the Senatorial office.

Provision of Solar Powered Str  
Light at Odeda PHC

# Sokoto State

“

They report that the road remains a death trap, despite its construction, and say they find it difficult carry out their daily activities.

”

Ashalting of 6km Binji Jamali road in Binji LGA sokoto state

- a. Asphaltting of 6km Binji Jamali Road in Binji Local government Area Sokoto (Cost: N70m)

Jamali is a village in Binji LGA in Sokoto State. During evaluation visits, PTOs observed that the road had been completed, although the residents were unaware of the inclusion of the construction of this road in the 2016 Budget.

However, as at the time of all visits, the road had already fallen into a state of disrepair, suggesting substandard materials had been used. Residents expressed shock upon learning that the sum of N70mn had been allocated to the project, which they noted as already deteriorating within no more than two months of construction.

They report that the road remains a death trap, despite its construction, and say they

find it difficult carry out their daily activities.

- b. Rehabilitation and Furnishing of Primary Schools in Kebbe/Tambuwal Federal Constituency (Cost: N30m)

This project is reported as not implemented; PTOs observed that pupils sit on bare floors during classes. The team sensitized residents and also encouraged them to communicate with their representatives in the rehabilitation of primary schools in their community.

Residents also complained that the only school with chairs and desks in their community was built by the UNICEF.

MDA	AGENCY	PROJECT DETAILS	AMOUNT (NGN)	STATUS	OBSERVATION
SCIENCE	NASENI	ESTABLISHMENT OF STAND ALONE SOLAR POWERED STREET LIGHT, TANGAZA/GUDU, SOKOTO STATE	12,000,000	Completed	This project has been completed in Tangaza, prior to my first visit in Sokoto state.
SCIENCE	NASENI	ESTABLISHMENT OF STAND ALONE SOLAR POWERED STREET LIGHT, WAMAKKO, SOKOTO STATE	18,000,000	Completed	This project has been completed in Wamako, prior to the first visit in Sokoto state.
WATER RESOURCES	SRBDA	ASPHALTING OF 6KM BINJI - JAMALI ROAD IN BINJI LGA, SOKOTO STATE	70,000,000	Completed	The road construction of 6KM for the sum of N70,000,000 was done with substandard quality in the materials used.

WATER	SRRBDA	PROVISION OF KASEA MOTORCYCLES FOR LOCAL DRY SEASON FARMERS EMPOWERMENT AT GWADABAWA/ILLELA SOKOTO STATE	27,500,000	Completed	This project has been completed in Gwadabawa/Illela, prior to the first visit in Sokoto state.
WATER	SRRBDA	SUPPLY OF MOTORCYCLES AT TANGAZA/GUDU LGA SOKOTO STATE	47,000,000	Completed	This project has been completed in Gwadabawa/Illela, prior to the first visit in Sokoto state.
HEALTH	NPHCDA	CONSTRUCTION OF PRIMARY HEALTH CARE CENTRE WIYH MEDICAL EQUIPMENT AND DRUGS IN KALANJENI TOWN TANGAZA LGA SOKOTO STATE	30,000,000	Completed	The 30,000,000 is not reflecting on the construction of PHC.

TRADE	SMEDAN	SUPPLY OF WATER PUMP AND EMPOWERMENT MATERIALS, SAGON BIRMI LGA, SOKOTO EAST SENATORIAL DISTRICT, SOKOTO STATE	23,750,000	Completed	<p>project completed but I found out most beneficiaries soldout their pumping machine and empowerment material I questioned them the said the were desprstely indeed of money that was the reasons, I suggest their representatives should choose consistency projects that will better the lives of the community but instead the choose for their own selfish intrest. how i wish federal government can have agencies that will ask the communities their most need, what the are in need of, what the really what as consistency project.</p> <p>This project was done to completion prior to our first visit, this community needs a better consistency project than water pump and empowerment materials because we learnt some indigenes sold theirs after the supplied I think if a project like standard schools and ict were built with this millions to educate their community it will be a better one.</p>
TRADE	SMEDAN	SUPPLY OF WATER PUMP AND EMPOWERMENT MATERIALS, ISA LGA, SOKOTO EAST SENATORIAL DISTRICT, SOKOTO STATE	23,750,000	Completed	

TRADE	SMEDAN	SUPPLY OF WATER PUMP AND EMPOWERMENT MATERIALS, GORONYO LGA, SOKOTO EAST SENATORIAL DISTRICT, SOKOTO STATE	23,750,000	Not started	As at the time of the first visit the project has not yet Started.
TRADE	SMEDAN	SUPPLY OF WATER PUMP AND EMPOWERMENT MATERIALS, ILLELA LGA, SOKOTO EAST SENATORIAL DISTRICT, SOKOTO STATE	23,750,000	Completed	This project has been completed prior to the first visit.
TRADE	SMEDAN	SUPPLY OF WATER PUMP AND EMPOWERMENT MATERIALS AT 23,750,000 EACH TO SOKOTO NORTH LGA, SOKOTO SOUTH LGA, WAMAKKA LGA, KWARE LGA, TANGAZA LGA, GUDU LGA, BINJI LGA, SILAME LGA, SOKOTO NORTH SENATORIAL DISTRICT, SOKOTO STATE	190,000,000	Ongoing	This project has been completed in tangaza LGA, and has not been started in Kware LGA, Binji and Wamakko LGA, and have not been Tracked in Sokoto Noth LGA, Sokoto South LGA, Gudu LGA and Silame LGA.

# Delta State

“

The community is satisfied and very pleased with the constructed road and Youth Skills Acquisition Centre; they say it will create more opportunities for youths to earn a living.

”

“In March 2017, work commenced, but PTOs note that halfway through implementation in May 2017, building stopped, and the residents say they are angered by this”

- a. Construction of Youth Skills Acquisition Centre in Kwale, Ndokwa West LGA, Delta North Senatorial District and Completion of the Emergency Major Repair of Kwale-Ogume Umutu Federal Road F224 in Delta state (Cost: N110m)

In September 2016, Tracka visited Kwale community to sensitize the leaders and indigenes on all projects allocated to their community in the budget. We held a town hall meeting in February 2017 and also assisted the community members to write letters to their representatives at the National Assembly and the Ministry in charge.

A few months later, work started on the road project and the Youth Skills Acquisition Centre. The road construction has been completed, while the construction of the Youth Skills Acquisition Centre is still

ongoing. Prior to our intervention, the community experienced a high rate of robberies and kidnappings, due to the devastating road network and topography. The community is satisfied and very pleased with the constructed road and Youth Skills Acquisition Centre; they say it will create more opportunities for youths to earn a living.

- b. Construction of Comprehensive Health Care Centre at Eruwharen (Cost: N60m)

This project is reported as abandoned, even though indigenes of Eruwharen were assisted to engage with their representative and public officials responsible to demand the construction of the Primary Health Centre.

In March 2017, work commenced, but PTOs note that halfway through implementation in May 2017, building stopped, and the

residents say they are angered by this. They report that this centre was supposed to eradicate the unavailability of healthcare in the community, and say they do not want to continue suffering.

- c. Construction of 1 Block of 6 Classrooms with VIP toilets in Aradhe Grammar School, Aradhe, Isoko North and South Federal Constituency, Delta State. (Cost: N15m)

Tracka PTOs made repeated visits to Aradhe Grammar School in Isoko LGA. The project is presently inaccurately implemented, as only one (1) block of two (2) classrooms was built, instead of the budgeted one (1) block of six (6) classrooms stated in the budget.

The existing classes in the other block are in an unusable state and residents note there is an urgent need for rehabilitation of the entire

facility. Formal letters stating these points were sent to Hon. Leonard Ogor and the Ministry of Education, after town hall meetings held in November 2016.

MDA	AGENCY	PROJECT DETAILS	AMOUNT (NGN)	STATUS	OBSERVATION
EDUCATION	UBEC	CONSTRUCTION OF A COMPUTER ROOM OF ABOUT 65 SQUARE METER, FURNITURE WITH 25 COMPUTERS, 2 PRINTERS AND A GENERATOR AT JSS IN IDHEZE GRAMMAR SCHOOL, IDHEZE, ISOKO NORTH AND SOUTH FEDERAL CONSTITUENCY, DELTA STATE	20,000,000	Completed	This project is reported as completed. “  
Some students report that they had to take their devices to technicians for repair.  
”

“In June 2017, the Tracka team paid a visit to schools that benefited from the ICT training, to engage with the students and also sensitize them about the importance of constituency projects”

“The empowerment program is cited as seeking to open up opportunities for individuals to enrich their welfare”

- a. Supply and Distribution of ICT Equipment for 50 Students in each of 10 Public Schools in Surulere 1 Federal Constituency (Cost: N100m)

In June 2017, the Tracka team paid a visit to schools that benefited from the ICT training, to engage with the students and also sensitize them about the importance of constituency projects. We report that a four-day training programme was held on ICT for the students, by Hon. Femi Gbajabamila.

At interviews with the students conducted a few weeks after receiving the tablets, it was discovered that most of the tablets had started malfunctioning. Some students report that they had to take their devices to technicians for repair. Also, the children said the educational applications and textbooks on the few working tablets handed out could not be accessed by them.

- b. Empowerment and Job Creation through Agricultural Training and Skills Acquisition for Women and Youths in Surulere 1 Federal Constituency (Cost: N40m)

The empowerment program is cited as seeking to open up opportunities for individuals to enrich their welfare. This training program was held for women and youths from each of the wards in Surulere 1 Federal Constituency.

At the end of the training, fish smoking equipment was distributed to some of the participants. PTOs observed that these empowerment materials were labeled as “donated,” as through provided through the personal means of Hon. Femi Gbajabamila.

- c. Supply of 3 Nos of Transformer to Rural Communities in Lagos East Senatorial

Empowerment and job creation  
through agricultural training and  
skills for women and youth

Zumratul Islamiyah Senior High  
School, Surulere

District (Cost: N19.5m)

Shomolu LGA is one of the beneficiaries of this project under Lagos East Senatorial District. We note that this project was supposed to be part of the 2016 constituency projects.

Residents of Ayodele Street in Fadeyi Area of Shomolu, where the transformer was installed, report that the transformer was installed about three years ago, and that to the best of their knowledge, no other transformer was provided by Senator Olugbenga Ashafa.

# Akwa-Ibom State

“

In meetings with residents, they informed PTOs that the Contractor merely built a modest block on land belonging to Comprehensive Secondary School, Ukpom.

”

“The people however expressed their displeasure that the project is beginning to look abandoned; laying blame on the government for not releasing the required funds for the project”

- a. Construction and Furnishing of Community Civic Centre With 300kva 33/0.415kv Transformer Substation/High Tension Line Installations At Ukpom, Ikono L.G.A, Akwa Ibom State (Cost: N35m)

At Ukpom, our PTOs gathered that the community was awarded a contract for the building of a Civic Centre which has now been abandoned for a period of time. In meetings with residents, they informed PTOs that the Contractor merely built a modest block on land belonging to Comprehensive Secondary School, Ukpom.

- b. Mini-Stadium of 30 Meters Length/15 Meter Width of 800 Capacity at Okoroete, Eastern Obolo, Akwa Ibom State (Cost: N43m)

Eastern Obolo in June 2017 to enquire on the state of the mini-stadium in their locality. The residents confirmed their knowledge of the project; according to Chief. A.I Ayituk, the project was initiated by Hon. Francis Charles.

He said the Contractor in charge of the project came from the Cross River Basin Development Authority, and they confirmed the project exists, something which has been verified by the PTO.

The people however expressed their displeasure that the project is beginning to look abandoned; laying blame on the government for not releasing the required funds for the project. They report that funding has been the major challenge delaying the project, which is also meant to serve as an event centre for their community.

The PTO visited the residents of Okoroete,

- c. Construction of Open Market Stores in all 10 LGAs: (Ikono) In Akwa Ibom North-West Senatorial District Akwa Ibom State (Cost: N50m) Each (at N5m Each)

The PTO met with the community Head and cites this project as ongoing. Our visit to the various market sites also had some respondents saying that while the work has been completed, its current state does not measure up to the funds allocated for it.

They add that the Open Market project was supposed to serve the people but the Contractor has only succeeded in raising just a block, leaving other parts of the site in deplorable condition.

# Ekiti State

Motorised borehole in Ise Ekiti

Installation of computer in Efon\_Ijero\_Ekiti-west

- a. Provision of Motorised Borehole in Ise Ekiti, Ekiti South Senatorial District, Ekiti State (Cost: N9m)
- Our designated PTO met with the residents of Ise Ekiti to discuss the status of this project. The people were aware of this project and it was ongoing as at the time of visit. The residents say they will have access to potable water, which will reduce water-borne diseases in their community.
- implementation of this project. PTOs gathered that prior to this, there were no existing computer classes in the schools. Residents are confident that the project will engage and educate youth in Efon/Ijero/Ekiti-West areas, and possibly other nearby towns.
- b. Installation of Computer Desks in Four (4) Secondary Schools in each of the Three (3) LGAs (Efon/Ijero/Ekiti-West) and Renovation of Twelve (12) Computer Classes, Ekiti State (Cost: N35m)
- This project has been implemented but is yet to be launched. Teachers and students at the school expressed their delight with the
- c. Completion of Primary Health Centre Located in Igede Ekiti in Irepodun/Ifelodun LGA, Ekiti State. (Cost: N12m)
- The project is classified as unimplemented, the residents were unaware of the existence of this project in the budget, prior to PTOs' visit. They asserted that pregnant women and others in need of medical attention are forced to travel to neighboring communities, which has led to hardship and increases in maternal and infant mortality.

MDA	AGENCY	PROJECT DETAILS	AMOUNT (NGN)	STATUS	OBSERVATION
WOMEN AFFAIRS		PROCUREMENT OF EMPLOYMENT MATERIALS AT IKOLE EKITI, EKITI STATE.	12,000,000	completed	The material has been supplied according to residents

# Enugu State

“

The Principal expressed his dissatisfaction with the renovation of the administrative block, and PTOs encouraged all present to ensure project delivery through sustained communication with the relevant officials responsible.

”

- Renovation of Administrative Block and Laboratory Block of Community High School Ogor Affa, Udi LGA, Enugu State. (Cost: N25m)
- Completion of Erosion Control in Community High School Junction Iyi Ogor Affa, Udi LGA, Enugu State (Cost: N40m)

“In July 2017 our Project Tracking Officer engaged with the residents and Principal of the school named on the project, to assist them to monitor the completion of this project and communicate formally with their representative, Hon. Amadi Oguerinwa Dennis”

The PTOs witnessed the terrible condition of the Community High School Ogor Affa, on visits throughout July 2017. The administrative and classrooms blocks are dilapidated, and almost collapsing. The team engaged with the Principal and teachers, providing them with relevant line items in the budget which they were already fully aware of.

They reported that in 2016, the laboratory block was constructed, but no facilities were supplied. The Principal expressed his dissatisfaction with the renovation of the administrative block, and PTOs encouraged all present to ensure project delivery through sustained communication with the relevant officials responsible.

Construction of the Community High School Road Junction, Ogor Affa is ongoing. Residents told us in great detail that the section being constructed as at the time of visit was done with substandard materials, and the drainage constructed would be unable to channel large volumes of water, and prevent flooding and/or erosion.

In July 2017 our Project Tracking Officer engaged with the residents and Principal of the school named on the project, to assist them to monitor the completion of this project and communicate formally with their representative, Hon. Amadi Oguerinwa Dennis.

Skill Acquisition and Vocational Training on Household Domestic Product for Youth and Women's Empowerment in Nkanu East/West LGA, Enugu State (Cost: N50m)

The Tracka team visited the LGA where the training was held, and the Secretary to the local government, Barrister Fidelis Nnaji, described the programme as very important for the youth and women of Nkanu East/West. He said that they were trained on how to make various household domestic products.

# Gombe State

“

He added that when he contacted the Contractor, he was informed that all funds allocated for the project had been exhausted.

”

“In light of the total darkness faced by the members of the Kwali community, the 2016 Budget provided for the rehabilitation of electric poles and overhead wires”

- a. Rehabilitation of Electric Pole and Wires at Kwali Yalmatu Deba, Gombe State (Cost: N5m)

In light of the total darkness faced by the members of the Kwali community, the 2016 Budget provided for the rehabilitation of electric poles and overhead wires. Our PTO visited the village and held a sensitization meeting with the community Head and residents who, prior to our visit, were unaware of the project.

A letter was sent to the lawmaker representing their constituency and the project was executed a few months later.

Residents of Kwali report their delight, and applauded the Tracka team, saying this development is of great impact in their lives. Community members asked us to report that another challenge faced here is the lack of a

maternity centre; the community has one health centre which can only accommodate eight beds, but over 38 villages use this health centre, contributing to lesser quality of care. The centre itself has medical facilities, but no buildings to put them in.

Residents say these factors have led to high rates of maternal mortality, and that this remains a major concern in their community.

- b. Construction of Exam Hall, with Furnishing at Govt. Day Secondary School Tal, Billiri Local Govt. Area, in Gombe South Senatorial District, Gombe State (Cost: N15m)

Tal is a community in Billiri LGA of Gombe State, and our PTOs note from site visits that although the furniture has been bought, the construction of the exam hall was ongoing. The Principal of the school reports that the

building, which was at roofing stage, has been abandoned for over two months. He added that when he contacted the Contractor, he was informed that all funds allocated for the project had been exhausted. The community and school management continue to call on the government to ensure proper implementation of this project.

- c. Provision of 500kva Transformer at Difa Yamaltu/Deba, Gombe State (Cost: N500m)

Difa is a community located in Yalmatu Deba LGA of Gombe state, with residents whose major occupations are farming and fishing. PTOs confirm that the project has been completed, with equipment provided.

However, from repeat meetings with the community, residents complain of the inability of the transformer to actually supply power.

The project is therefore for now still unusable, and residents report that this needs to be fixed by the government.

# Jigawa State

“

During election campaigns, a number of promises as regards development will be made, however at the end of their tenure these campaign promises remain unfulfilled.

”

“In May 2017 the borehole project commenced in Gumel and has since been completed. Ringim’s projects are however yet to be implemented”

“The Tracka team also visited the existing health centre and notes it is in a dilapidated state, such that compels residents to travel to the neighbouring country of Niger, to access medical care”

- a. Motorized Borehole with 50,000 Storage Overhead Tank in Gumel, Ringin, Kazaure, Jigawa North West Senatorial District, Jigawa State (Cost: N51.3m)

In 2016 our PTOs travelled to Ringim and Kazaure to sensitize the residents of both communities about the N19mn motorized borehole projects captured in the budget. The people were encouraged to write a letter to their elected representatives seeking speedy execution of the water projects in their community. Both communities wrote letters, but however received no response.

In May 2017 the borehole project commenced in Gumel and has since been completed. Ringim’s projects are however yet to be implemented.

- b. Health Post at Dan Banki and Kama Nketa, Jigawa State (Cost: N5.7m)

The Project Tracking Officer visited the border communities of Sule Tankarkar LGA and met with youths and traditional rulers of both communities regarding the Health Post project. Dan Banki’s community Head complained bitterly to PTOs, reporting that politicians have over the years “deceived” the residents.

He cited that in particular, during election campaigns, a number of promises as regards development will be made, however at the end of their tenure these campaign promises remain unfulfilled.

The Tracka team also visited the existing health centre and notes it is in a dilapidated state, such that compels residents to travel to the neighbouring country of Niger, to access

medical care. Despite sustained, formal engagement with their national representatives, we report that the health centre is yet to be constructed.

In February 2017, the construction of the Acquisition center commenced in Roni Local Government; it was completed and commissioned in May 2017.

c. Supply of Motorcycles and Acquisition Centre at Roni, LGA, Kazaure Constituency, Jigawa State (Cost: N22m)

Tracka officers, through a community town hall meeting, engaged with the residents and youth of Kazaure constituency which comprises of Kazaure, Roni, Yankwashi and Gwiwa LGAs, on the contents of the Federal Government's 2016 Budget.

During the meeting, the residents were informed about the project and its impact was appreciated. The community wrote a letter seeking full project implementation.

SCIENCE	NASENI	ESTABLISHMENT OF STAND ALONE SOLAR POWERED STREET LIGHT, KAUGAMA/MALAM MADORI, JIGAWA STATE	12,000,000	Completed	The street light was stationed at Tsangaya/Almajiri schools
SCIENCE	NASENI	ESTABLISHMENT OF STAND ALONE SOLAR POWERED STREET LIGHT, HADEJIA/KAFIN HAUSA, JIGAWA STATE	12,000,000	Not done	No street light was established in both the local governments visited
TRADE	SMEDAN	EMPOWERMENT OF WOMEN IN BABURA/GARKI L.G.A JIGAWA STATE	31,800,000	Completed	It was confirmed a sewing machines, griding machines and Knighting machines was distributed to the women
EDUCATION	UBEC	4 NUMBERS OF CLASS ROOMS AND TOILETS IN BABURA/GARKI L.G.A JIGAWA STATE	40,000,000	Completed	We confirmed a 6 numbers of classrooms were constructed but without toilets
WATER	HJRBDA	PROVISION OF 4 NO'S SOLAR POWERED BOREHOLE WITH RETICULATION AND 8 NO'S HAND PUMP BOREHOLE AT RINGIM/TAURA FEDERAL CONSTITUENCY	30,800,000	Ongoing	The project was partly completed as at the time I visited as only 4 nos. of hand pump boreholes were constructed.
TRADE	SMEDAN	SUPPLY OF MOTORCYCLES HONDA 125, AND SUPPLY OF WATERPUMP MACHINE 2INCH ALL IN RINGIM /TAURA FEDERAL CONSTITUENCY JIGAWA STATE	21,000,000	Completed	Motocycles were supplied and were tagged 'Donated by Gausu' - the name of the representative.

SCIENCE	NASENI	ELECTRIFICATION PROJECT AT TSADAWA & TOFA AT RINGIM/ TAURA FEDERAL CONSTITUENCY, JIGAWA STATE	20,000,000	Not done	The community leaders said they are serially being deceived with project each election cycle
WATER	HJRBDA	DRILLING 4 NOS. OF SOLAR POWERED BOREHOLE MOTORIZED WITH PUBLIC POST AT MALAM MADORI/KAUGAMA FED CONSTITUENCY, JIGAWA STATE.	30,000,000	Done	These boreholes were drilled. 2 in Kaugama and 2 in Malam Madori. However, the residents complained of lack of quality of the borehole as the one in Kaugama main town has already broke down.
EDUCATION	UBEC	CONSTRUCTION OF 4 BLOCK OF 2 CLASSROOMS AT MALAMMADORI/KAUGAMA FED CONSTITUENCY, JIGAWA STATE.	20,000,000	Ongoing	The 2 classrooms were built in Malam Madori and the one in Kaugama LGA is ongoing as the time of our visit.
SGF	REFUGEE	STRATEGIC EMPOWERMENT OF YOUTH AND WOMEN DEVELOPMENT AT AUYO/HADEJA/KAFIN-HAUSA CONSTITUENCY, JIGAWA STATE	23,000,000	Not done	This project was not done as no beneficiary could be traced by the tracking officer.
WATER	HJRBDA	DRILLING OF MOTORIZED AND HAND PUMPS BOREHOLES AT KAZAURE CONSTITUENCY	40,000,000	Ongoing	The project was ongoing when it was tracked and the boreholes were spread across the 4 LGAs under the constituency
WATER	HJRBDA	SUPPLY OF 2 INCH WATER PUMPS AT KAZAURE CONSTITUENCY, JIGAWA STATE	10,000,000	Completed	The water pumps were supplied and the farmers have already started using them in their farms

TRADE	SMEDAN	SUPPLY OF MOTOR CYCLES AND ACQUISITION CENTRE AT RONI, LGA, KAZAURE CONSTITUENCY, JIGAWA STATE	22,000,000	Completed	Motocycles were supplied and were tagged 'Donated by the representative which is not ideal enough.
WATER RESOURCES	HJRBDA	PROCUREMENT OF HAND PUMPS, JIGAWA NORTH EAST SENATORIAL DISTRICT, JIGAWA STATE	40,000,000	Not done	This project was not done as no beneficiary could be traced by the tracking officer.
WATER RESOURCES	HJRBDA	CONSTRUCTION OF BLOCKS OF CLASSROOMS (UPSTAIRS), JIGAWA NORTH EAST SENATORIAL DISTRICT, JIGAWA STATE	30,000,000	Ongoing	This project is ongoing as the time of our visit in one ICT center that is under construction in the outskirts of Hadejia town.
WATER RESOURCES	HJRBDA	PROCUREMENT OF WATER DRILLING MACHINES, JIGAWA NORTH EAST SENATORIAL DISTRICT, JIGAWA STATE	10,000,000	Not done	This project was not done as no beneficiary could be traced by the tracking officer.
WATER RESOURCES	HJRBDA	TRAINING, PROCUREMENT OF TRAINING MATERIALS AND MACHINES FOR JIGAWA NORTH EAST SENATORIAL DISTRICT, JIGAWA STATE	10,000,000	Not done	This project was not done as no beneficiary could be traced by the tracking officer.
SGF	BCDA	MOTORIZED BOREHOLE WITH 50,000 STORAGE OVERHEAD TANK AT 19,000,000 EACH IN GUMEL, RINGIN, KAZAURE, JIGAWA NORTH WEST SENATORIAL DISTRICT, JIGAWA STATE	51,300,000	Ongoing	The project was completed in Gumel only while other locations are still ongoing

SGF	BCDA	CONSTRUCTION OF 40 MANUAL WATER PUMP BOREHOLES AT 2,000,000 EACH IN 20 WARDS OF JIGAWA NORTH WEST SENATORIAL DISTRICT, JIGAWA STATE	72,633,333	Not done	The project is hard to be tracked as the zone has over 100 political wards.
SGF	BCDA	SUPPLY OF HOSPITAL MATRASSES (200), PILLOW(200) AND BED SHEETS(400) TO COTTAGE HOSPITALS IN GARKI, TAURA, RONI, MAIGATARI, GAGARAWA IN JIGAWA NORTH WEST SENATORIAL DISTRICT, JIGAWA STATE	10,800,000	Completed	The equipments were equally distributed across the hospitals and they have already been put to use.
SGF	BCDA	SUPPLY OF 2" IRRIGATION WATER HAND PUMPS(500 UNITS) AT 50,000,000 EACH TO FARMERS IN JIGAWA NORTH WEST SENATORIAL DISTRICT, JIGAWA STATE	27,000,000	Completed	The Farmers said they got the water pumps since but they have to pay some money before collecting it.
SGF	BCDA	SUPPLY OF 270 MOTORCYCLES AT 200,000 EACH TO YOUTHS IN JIGAWA NORTH WEST SENATORIAL DISTRICT, JIGAWA STATE	48,600,000	Not done	These were not supplied as no beneficiary from all the LGAs could be identified.

SCIENCE	NATIONAL RESEARCH INSTITUTE FOR CHEMICAL TECHNOLOGY	COMBINED TOMATO PASTE AND MANGO JUICE PROCESSING PLANT (BUILDING, MACHINES AND UTILITIES), JIGAWA NORTH EAST SENATORIAL DISTRICT, JIGAWA STATE	45,000,000	Abandoned	This project is abandoned as at the time of the Tracka official visit. The building is upto roofing stage but abandoned for over three months.
SCIENCE	NATIONAL RESEARCH INSTITUTE FOR CHEMICAL TECHNOLOGY	PROCUREMENT OF GREEN HOUSES (40mX40m), JIGAWA NORTH EAST SENATORIAL DISTRICT, JIGAWA STATE	15,000,000	Not done	The project could not be located.

## PREVAILING TRENDS ON 2016 CONSTITUENCY PROJECTS

### Non-execution of Projects

In a number of cases across focus States, we noticed that 343 of the 852 projects identified in the Federal Government's 2016 budget remain wilfully unexecuted. This translates to a situation where 40.4% of government projects were not delivered. Collating information from Tracka's Project Tracking Officers (PTOs) across the 20 States, we note that these projects were signed off and Contractors got paid (some, if not all of their fees), with little or no follow-up by government authorities. A corollary effect is that citizens are often restricted from asking questions, due to a complete blackout of information on project stipulations and status.

### Under-Delivery of Projects

We note that where work commenced on projects cited in the 2016 Federal Government budget, the scope of implementation did not reflect the actual description provided in the budgetary line item. For example, Kaduna Community Bosso Local Government Area (LGA), Niger State was to benefit from the construction of a block of three (3) classrooms, with school furniture provided, valued at N9mn. Instead, the final project delivered was a block of two (2) classrooms, without furniture. This was in spite of sustained awareness campaigns by PTOs, to make the responsible authorities aware that this classroom construction project was being monitored by Tracka teams.

### Use of Substandard Materials

On several occasions, where projects were delivered (whether fully or partially), PTOs and community members both report that some were executed with inferior products, consequently resulting in a loss of endangerment of lives, developmental setbacks and further expenditure, due to extra repair and remediation costs for the government. Community leaders across focus States were of the opinion that this practice stems from Contractors aiming to maximise profit by cutting costs, and they are emboldened to do so because often, there are no sanctions from the law, when consequences occur and complaints arise.

“In a number of cases across focus States, we noticed that 343 of the 852 projects identified in the Federal Government's 2016 budget remain wilfully unexecuted”

“On several occasions, where projects were delivered (whether fully or partially), PTOs and community members both report that some were executed with inferior products”

“In many of the 643 communities visited more than once, we observed that citizens in rural areas have no idea about constituency projects to be constructed on their streets, much less how these projects are funded”

“Realities on the field indicate that inflated costs and pricing of government projects is one of the leading causes of corruption in Nigeria”

#### Unspecified Project Locations

We observed that the locations of about 41 projects described in the budgetary line items remained unspecified, a situation that persists, since the inception of Tracka. For effective project tracking, it is imperative that project locations are detailed in the budget. A failure to provide these locations is antithetical to democracy, depriving communities, civil society organizations and auditing bodies of information and opportunities to monitor and ensure proper implementation of the government’s obligations to the people.

#### Contract Inflation

Realities on the field indicate that inflated costs and pricing of government projects is one of the leading causes of corruption in Nigeria. Residents told us overwhelmingly that contractors often happen to be the beneficiaries of developmental projects, rather than the citizens.

#### Lack of Constituency Awareness

In many of the 643 communities visited more than once, we observed that citizens in rural areas have no idea about constituency projects to be constructed on their streets, much less how these projects are funded. In the most common instances, citizens believed that available projects were gifts from their Representatives, and personally funded. This points to an urgent need to create more awareness for citizens, to enable them engage their representatives and seek delivery of public service. When viewed as a gift, members of the constituency are less likely to demand higher standards, and are accepting of whatever has been offered to them, even though these are actually being paid for through their tax contributions.

## MAJOR HIGHLIGHTS FROM PROJECTS TRACKING IN FOCUS STATES

The Tracka team persistently monitored 852 projects across the 20 States, in the period between June 2016 and June 2017. Below are our reports from the field, and an analysis of the wider consequences of actions observed, with lessons for citizens.

“In Surulere Federal Constituency 1 (Lagos State), we observed that the provision of ambulances budgeted at a value of N51m were, upon purchase and delivery to the respective hospitals, labeled as “donations” from Surulere Representative, Femi Gbajabiamila”

“A line item in the Federal Government Budget detailed the construction of 71 boreholes in the 71 Wards across Kebbi Senatorial District, valued at N710m”

a. Tax-funded Government Projects labelled as Donations  
Location: Lagos and Kebbi States

PTOs tracking the 2016 FG constituency projects report that Representatives within the National Assembly labeled public projects as “donations.” In Surulere Federal Constituency 1 (Lagos State), we observed that the provision of ambulances budgeted at a value of N51m were, upon purchase and delivery to the respective hospitals, labeled as “donations” from Surulere Representative, Femi Gbajabiamila.

Similarly, in Kebbi South Senatorial District (Kebbi State), the Federal Government budget provided for the supply of hospital boats in Yauri, at a cost of N175mn. The boats were instead labeled “Donated by Senator Bala Na Allah,” who is the Representative for the area.

We reiterate that constituency projects should not be labeled as donations by community representatives in the National Assembly; this comes off as a malicious attempt at deliberately misinforming their constituents, for selfish political interests.

b. Conversion of Public Projects to Personal Property  
Location: Kebbi State

By law, constituency projects are nominated by the Representative, for the benefit of indigenes at grassroots level. It is also a means for citizens to feel the impact of governance in their community.

A line item in the Federal Government Budget detailed the construction of 71 boreholes in the 71 Wards across Kebbi Senatorial District, valued at N710mn. Despite the reality where the

sites for these proposed boreholes were not specified, PTOs sensitized residents of this constituency, identified their elected representatives, and encouraged them to seek engagement with the officials, to facilitate the delivery of these projects.

Borehole construction commenced in December 2016 in some of the selected Wards across the South Senatorial District. However, we report that in Zuru Ward, the borehole was constructed within the personal property of a serving Senator, automatically depriving citizens of the opportunity of accessing potable water. This was a case where governance directly failed to alleviate the suffering of a community.

In Nigeria, politicians do not involve citizens during the budget process and thereafter, project implementation

c. Citizen Apathy in Budget Process  
Location: Zuru, Kebbi State

Over the years, our PTOs continue to report that the low level of citizen participation in budget processes has been a major setback in the development of communities. In Nigeria, politicians do not involve citizens during the budget process and thereafter, project implementation.

Needs assessments undertaken must be in consultation with members of the local communities before presentation to the relevant Federal Ministries and their Representatives. In Kebbi State, N155mn was budgeted for the renovation of Zuru's town hall.

Feedback from a series of meetings with PTOs showed that the residents of this community were displeased with what they termed in local language "this vanity project."

Over the years, our PTOs continue to report that the low level of citizen participation in budget processes has been a major setback in the development of communities.

They reported that they would instead have preferred the utilization of the N155mn on job opportunities creation and other projects which would improve the lives of more citizens in their community.

d. Wide disparities in Project value  
Location: Osun, Bauchi, Enugu, Edo, Delta and Lagos States

We report varying amounts were allocated to key States in the National Assembly; Osun, Bauchi, Enugu, Edo, Delta, and Lagos got the highest sums in the 2016 Federal Government budget for constituency projects.

In one instance, the sum of N720mn was budgeted for the construction of an entire recreational park in Lagos State, while N200mn was allocated to Isoko Federal constituency in Delta for the maintenance of solar streetlights.

Similarly, in Edo State, N500mn was allocated to the 'Rehabilitation and Reconstruction of Otuo-Afuzo Road, with a spur to Anchorage Road, Otuo, in Owan East LGA.' Although

N259mn has been released in relation to this project, as at the time this Report was filed, community members cited the level of work undertaken as not reflecting the amount disbursed.

One of the biggest issues PTOs overwhelmingly observed during the later stages of monitoring exercises across all focus States was poor execution of physical constituency projects.

In Osun State, PTOs observed that most of the projects detailed were empowerment projects, which are particularly difficult to track, as there is no physical, auditable result. Allocations for the supply of “empowerment materials” was a common thread through the description of constituency projects in budget line items designated for Osun State.

- e. Inadequate Execution amid Non-execution  
Location: Niger and Ondo States

Should citizens remain discouraged from exerting their right to demand a delivery of capital projects, Nigeria would have effectively mortgaged her future and perpetuated the suffering that threatens a vast majority of her people.

One of the biggest issues PTOs overwhelmingly observed during the later stages of monitoring exercises across all focus States was poor execution of physical constituency projects. With respect to the classroom blocks in Kadna community, Niger State East Senatorial District (detailed above), upon a formal request via telephone for more information from the Representative, Salihu Adamu, the larger Tracka team was informed that the N9mn allocated was insufficient for the construction of a block of three classrooms. The correspondence concluded that instead, a sum of N12mn was required to achieve the precise description of the project contained in the budget line item.

Similarly, in Jisomosun/Lujomo community in Ondo state, which had a budget provision to renovate a block of six classrooms for N20mn, PTOs noticed a lesser figure was cited; only four classrooms blocks were actually renovated from the existing structure. The Contractor's signpost standing onsite also showed work was for the construction of a block of four classrooms.

We submit that the sum of these few examples from many should be a wake-up call to the devastating effects of Representatives shirking their constitutional responsibilities to the people. Should citizens remain discouraged from exerting their right to demand a delivery of capital projects, Nigeria would have effectively mortgaged her future and perpetuated the suffering that threatens a vast majority of her people.

# RECOMMENDATIONS

In summary, we recommend the following to all stakeholders at local, State and Federal government levels, as well as policy makers within ministries, departments and agencies of government:

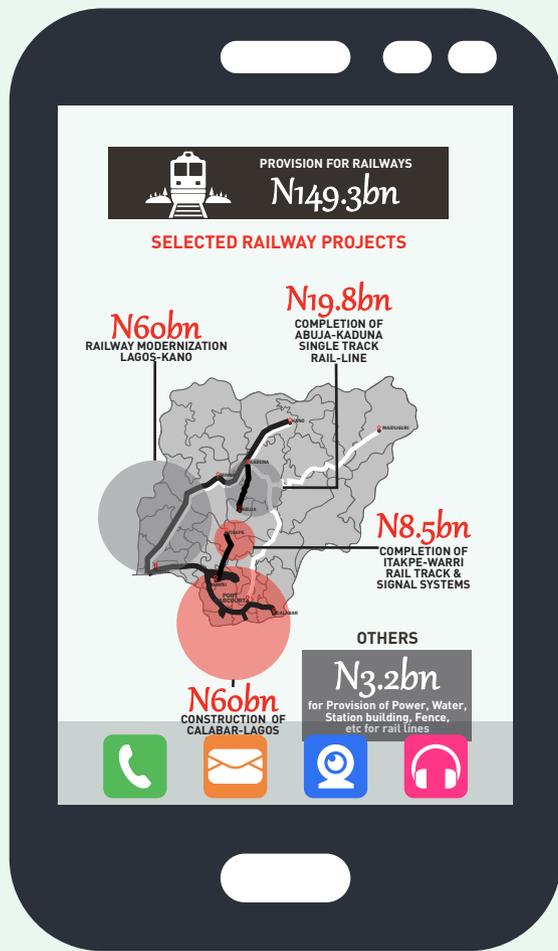

**Open Data on Contract Details:** This must be prioritised, to ensure citizen participation in contract awards via the provision of accurate details of all contracts (contractors' name, government budget benchmark, terms of the agreement, bill of quantity, e.t.c), placed in the public domain. Updated contract information also has the added benefit of enabling government to control incompetence and contract fraud more effectively.

**Citizen engagement:** Representatives should routinely engage their constituents in the budget-making process, to ensure their needs are captured in every annual fiscal plan, in a timely fashion. The fundamental purpose of constituency projects is to ensure rural communities feel the impact of the federal government; therefore their priorities should be reflected in the budget.

**Project specification should be more detailed:** Project locations should be spelt out, for easy access by citizens and organisations. As noted, in several cases, budget line items identified project titles, specifications and monetary amounts, but failed to establish the actual project location. Unclear locations and other such details mean certain projects are extremely prone to misappropriation of funds and corruption.

**Ownership of Contract Award:** It appears that lawmakers at the National Assembly are of the belief that they are personally responsible for their constituency projects and thus award and project implementation must be coordinated/micromanaged through their offices. We cite this as improper practice; contract award and project implementation must be coordinated through the relevant federal ministries, as noted within the budget.

**Mislabeled Projects:** We recommend that public officials desist from tagging supplied materials and projects with their names for personal glory and political clout; citizens should be aware of the actual sponsor of the project—the Federal Government, as enabled by taxpayers.
